6.0 Notice of Motion

6.1 Submitted by Councillor Helen Meyer

"That Meath County Council increase the frequency of inspections of the Ashbourne playground and introduce a more urgent and proactive system for identifying, repairing, and replacing damaged or unsafe playground equipment. Given that the Ashbourne playground is the only public playground serving the town and its rapidly growing population, the current inspection and equipment replacement policy is not sufficient to ensure that the facility remains safe and fully operational for children throughout the year."

6.2 Submitted by Councillor Helen Meyer

"That Meath County Council ensure that a fair and proportionate share of the additional commercial rates income generated within the Ashbourne Municipal District is reinvested in the area, having regard to its significant population growth and infrastructure needs, and provide a report to the Ashbourne Municipal District outlining the additional income generated from the 2026 increase in commercial rates, the amount allocated to or spent on projects and services within the District during 2026, and a breakdown of expenditure on local road maintenance and improvements, traffic calming and road safety measures, town centre regeneration, public realm improvements, and community and amenity infrastructure."
