In particular she outlined the very extensive levels of consultation proposed with local Community Groups and sectoral interests to elicit participation in measures which will protect and restore clean water as required under the Water Framework Directive.</p> <p>Points raised in the discussion that followed :</p> <ul style="list-style-type: none"> • The impact of agriculture on Water Quality – confirmed that impact is very significant. • Co-ordination with Northern Ireland in any cross border Water related activities – confirmed that Monaghan WCO is co-ordinating such activities

Miontuairiscí / Meeting Minutes

	<ul style="list-style-type: none">• Resource constraints may restrict engagement with Communities over the 3 year period - Aoife advised that she hoped to meet with bigger groups 1st, greater capacity to get things done, then engage with smaller groups, schools etc. <p>Larry Whelan advised that the objectives of the 1st Series River Basin Management Plan were seen to have failed due to lack of public buy in. The Draft 2nd Series RBMP which are scheduled for publication on the 22nd December will be on public display at local level until the 22nd June 2017 and details of consultation on same will be made known to Councillors SPC, PPNs, ETC.</p>
4.	<p>Karen Mahon gave details of a Waste Survey / Questionnaire being commissioned by the Meath Public Partnership Network designated to obtain the views of public and local groups in respect of waste issues in their locality in County Meath.</p> <p>Questionnaire covered various areas and broke down waste into individual groupings to be able to provide overview of what problems exist per area.</p> <p>Karen requested that every member of the SPC was to give 20 email addresses of people who might carry out the survey.</p>
5.	<p>Larry Whelan gave a report in respect of the take in of additional waste into the Knockharley Landfill.</p> <p>Points raised in the discussion that followed :</p> <p>Concerns that the additional waste into the facility is resulting in MD staff being assigned to clearing litter on the N2 at the expense of other services and other roads being targeted for dumping – Officials confirmed that litter of the N2 is the subject of regular complaint and recent levels of littering could not definitively be attributed to the additional intake of waste.</p> <p>L. Whelan confirmed that there is a condition in the Waste Collectors Licence requiring that all collection trucks be covered up and this matter will be taken up with the Operators if the Knockharley facility.</p> <ul style="list-style-type: none">• Concerns about a proposed SID application for the Knockharley facility which would inter alia see an increase in activity of up to 440,000 tonnes and a height increase of up on 12 metres.• That while accepting the Chief Executives hands were tied in invoking the Section 56 some concerns exist in relation to the EPA monitoring of the site.• The Councillors role in respect of the SID application – Kevin Stewart confirmed that the application with An Bord Pleanála for an SID cannot currently be commented on as it is not before MCC but we will comment formally when requested. He advised that Knockharley initially applied for a lot more annual capacity than MCC Planning Permission allowed, and that their current PP limited the site to 88,000 tonnes p.a. and to accepting waste for 14 years which is a lot less
