5 Notice of Question

5.1 Submitted by Councillor Francis Deane

“Under the roadworks programme, of which €30,000 has been allocated to enhance vision from the L5050 road onto the R153, would Meath County Council examine the possibility of reducing the speed limit to 50 kilometres as well as installing traffic calming measures on the R153? This route has become extremely busy since the school campus opened in Johnstown.”

5.2 Submitted by Councillor Wayne Forde

“Can I ask the executive when will there be a locked steel gate erected at the entrance to Stapleton's Lane on the Commons Road in Navan to prevent any further anti social behaviour and illegal dumping?”

6 Notice of Motion

6.1 Submitted by Councillor Francis Deane

“That Navan Municipal District, representing the county town of Meath, a county which is famous for its large number of dairy farmers, would get involved in assisting the Meath Artisan food group to showcase their cheeses and other dairy products. West Cork alone boasts 24 registered producers of cheese compared to Meath's three. I am so impressed by the commitment of local small producers and farmers who work hard for what can be described as a labour of love. There is huge potential for growth in this sector as well as great opportunities to create employment to supply the global market. Local producers would love to showcase and display their superior, nutritious, healthy produce on Kennedy Road, on Saturdays from June until October, during the hours of 11am to 4pm on a trial basis. I call on Navan Municipal District members to support this motion. This project also has huge potential to enhance the proposed food hub for Navan.”

6.2 Submitted by Councillor Francis Deane

“That Navan Municipal District writes to the NTA in relation to a report they intend to ask consultants to carry out pertaining to the proposed bus hub in Navan. I'd like to request that they closely examine pedestrian movement and footfall in the Kennedy Plaza area, in particular where people pass onto the plaza from Dunnes Stores. There are many considerations to be borne in mind such as pedestrian awareness, wheelchair access and speed limits, before decisions can be made.”

6.3 Submitted by Councillor Wayne Forde

“Can I call on the support of my fellow Councillors for the emergency resurfacing of the public road adjacent to St Oliver's Church to the entrance of Waterville Crescent and Aisling Place.”
