6 Notice of Motion

6.1 Submitted by Councillor Francis Deane

“Taking into consideration the soon to be started construction of extra facilities at St. Paul's School Campus, and, allowing for large present and growing numbers of pupils attending St.Paul's, I call on Meath County Council to engage with the Department of Education to secure funding for a safe pedestrian crossing adjacent to the school entrance on the Rathaldron Road. This ongoing health and safety concern must be resolved now, once and for all, before building works are completed at his site.”

6.2 Submitted by Councillor Francis Deane

“That Meath County Council would erect rubber speed ramps on Swan Lane, outside Old Balreask School , where residents have huge concerns arising from speeding cars using this road which is located in a highly populated area of Navan.”

6.3 Submitted by Councillor Edward Fennessy

“That Navan Municipal District carries out a feasibility study on the waste ground alongside the access road to the Townparks Estate, with a view to installing car parking facilities. Construction of said facility, will act to service traffic overspill from the Claremont Stadium campus and Páirc Tailteann Stadium during busy sporting occasions.”

6.4 Submitted by Councillor Edward Fennessy

“That Navan Municipal District Council installs a pedestrian crossing opposite the playground on the Boreen Keel to provide safe access to children and pedestrians accessing the site.”

6.5 Submitted by Councillor Padraig Fitzsimons

“I propose the motion that Navan Municipal District commit to providing much more on-street electric car chargers throughout the town and its environs in an effort to help reduce emissions and improve air quality.”

“I propose the motion to seek funding to install extra pathways in Athlumney Castle. Many pedestrians are walking from Athlumney Abbey/Johnstown through the estate and have to walk on the road/grass verges as there aren’t sufficient pathways to allow for safe access.”
