With this letter, I would like to wholeheartedly show my support for the new section of the Greenway from Drogheda to Mornington. It is almost impossible to put into words how important the continuation of this amenity would be - not only to the local community but also to the tourism sector in the town and region. Drogheda and its environs have a wealth of unique heritage, cultural and natural attractions, and this would boost a wonderful, but sometimes tentative industry.

We battle on a daily basis in Drogheda with poor image due to circumstances outside our control, and it would lift spirits, not to mention the local economy, immeasurably.

The existing section is enjoyed by thousands of local residents, and visitors alike, and to have an extra section would bring untold joy to all, and I hope this can become a reality before too long.
