Dear Sir / Madam,

As a Resident living in [redacted] Mornington for the past 42 years, I wish to strongly object to the planning for a Greenway from Drogheda to Mornington.

For the following reasons:  
Not one person involved consulted me about losing 4 metres off my garden, they just assumed it was there for the taking, well they're definitely not taking it. It has taken years to grow hedges for privacy, and I do not want to open my front door to look at numerous people on the Greenway looking into my property.

There's also the safety aspect of trying to drive onto a busy road having first to cross Greenway, with 2 buses meeting each other every 20 minutes, delivery lorries, trucks, vans, commuters, cyclists + pedestrians. It appears that no thought was given to this.

Putting a Greenway alongside this busy road is unsafe, unsuitable, unattractive, and contrary to the Greenway objectives.

When 3 people in favour of Greenway went to our local shopping centres for support, they failed to be honest and tell unsuspecting people that this Greenway would be actually going on a very busy road.

But rather painted a very pretty picture about  
greenway running all way along the river. Am  
Droghda to Mornington.

Then what happens when they reach Mornington  
no bar park, no toilet facilities - nothing.

Not much thought given to that.  
I also note that two other premises in our area  
were refused planning permission due to proximity  
of SPA. Also on route there is a heavy  
Industrial plant at [REDACTED]

[REDACTED] which  
[REDACTED] stinks a lot of the time + [REDACTED]

While I'm not against a greenway, I do have  
serious concerns about the proposed design / route  
section, inconsiderate implementation, and the  
negative impact it will have on our community.

I think the money would be better spent and  
more beneficial for Mornington families by providing  
a safe footpath, traffic calming, and developing  
local amenities.

I live a very simple life, I don't ask for much.

I love my home and space, and love to go for a  
walk along our beach, just like my many neighbours  
live here on [REDACTED] Mornington + so I ask you  
please don't grant planning permission for greenway  
along our road. Thank you for taking the time  
to read this. Yours sincerely [REDACTED]
