Dear Sir/Madam,

[redacted] AS a Resident Lives in [redacted] Mornington for the last 42 years I wish to Strongly Object to the Planning for a Greenway from Droghda to Mornington for the following reason:

Not one person consulted with me about losing 4 metres of my garden, which they're definitely not getting. It has taken years to grow hedges for privacy and I do not want to open my front door to see numerous people on the Greenway looking into my property.

There's also the safety aspect of trying to Drive out on a Busy Road, having first to cross Greenway with 2 Buses meeting each other every 20 minutes, Delivery Lorries, Trucks, Vans, Commuters, bicyclists + Pedestrians. It appears that no thought was given to this. Putting a Greenway alongside this Busy Road is unsafe, unsuitable, unattractive and contrary to the Greenway objectives. When a group of people with an invested interest in Greenway →

Went to our local Shopping centre looking for support, they failed to say that a Greenway was going to run along busy road but Painted a Pretty Picture about Greenway Running all along River from Drogheda to Mornington. Thus they get all these signatures under False Pretences

So, what happens when they get to Mornington?? no bar Park, no toilet facilities, not much thought given to that either.

Also note that Planning Permission was Refused on two other occasions due to Proximity of SPA where they want to Greenway, on route also [redacted] and [redacted]

Treatment Plant which Stinks a lot of the time whilst I'm not against a Greenway, I do have serious concerns about the proposed route section, Inconsideration, and the negative impact it will have on our community. Money could be better spent by providing a safe footpath, traffic calming and developing local amenities.

Please help us to continue living our very tranquil + calm lifestyle that we're used to and please don't grant planning for this Greenway.

Thank you for taking the time to read this
Yours Sincerely
[redacted]
