Dear Sir/Madam

I am writing in support of the Boyne Greenway that is being proposed between Drogheda and Morning. My in-laws live along this stretch of road so i drive it almost daily. It is a particularly dangerous stretch of road with driver overtaking cyclist at inappropriate spots, pedestrians walking on the inside of bends and very few drivers adhering to the speed limit. Any plans to get the cyclists and pedestrians off this stretch of road will save lives and give people access to the town without using a car.

Also it should be known that some residence on the road have pressured other residents to write letters in opposition to the greenway despite them actually having no objections and turning up at their door to collect the letters to submit on their behalf. I think in this day and ages if people were required to email their views on a project like this it would prevent aggressive activists from harassing other.
