To on Bord Pleanala :

RE: Boyne Greenway Drogheda to Mornington, Co. Meath

I as a resident of Drogheda, am a regular cyclist and walker. As there is a serious issue with cars constantly speeding on our local roads and the inability of the Government and local authorities to deal with this matter of public safety, I now fully support the proposal to construct a Greenway from Drogheda to Mornington. This Greenway could also link up with the existing Boyne Oldbridge Greenway. It would be a wonderful new tourist amenity and a great support to public safety.

Yours Sincerely
