Dear Sirs,

Re: Proposed Boyne Greenway Drogheda to Mornington, Co. Meath and Co. Louth .  
I welcome the opportunity to make a submission on the proposed Drogheda to Mornington Greenway as submitted to An Bord Pleanála by Meath County Council. I am supportive of the proposal and requesting that An Bord Pleanála approve permission for this project to proceed as it represents essential infrastructure for this developed area and on balance is in accordance with the proper planning and development of the area.

My Name is [REDACTED] as a resident of Mornington (adjacent to the proposed development on the [REDACTED]) and a keen cyclist and walker ,I know first hand how dangerous this road (R-150 ) is . As a member of a cycling club we have become used to the aggressive driving of some motorists . But the danger faced on this section from Mornington to Drogheda is the worst it is highly dangerous.

I have noted the massive support of 98% in favour of this outstanding scheme in the recent public consultation by Meath CC . In fact members of the public were queuing up to sign in support .I took particular notice of the comments of many young mothers about the concern they have for their childrens safety on this road .

With the childhood obesity problem and the Covid 19 Pandemic this magical development is vital and the local population certainly deserve it after so many years of lack of infrastructural investment in this area .

We are all aware of the special area of wildlife conservation on the river and we all support the fact that this Cycle/walkway has stuck closely to the foreshore to finally create a living environment that will allow us to glory at the wonder of nature and at the same time be its custodians in harmony with nature and part of it .

On behalf of all my cyclist friends and their children please allow this marvellous development go ahead.

Regards ,

[REDACTED]
