Subject: BOYNE GREENWAY - 307652

TO WHOM IT MAY CONCERN

We at [REDACTED] wish to formally object to the proposed development of the Boyne Greenway, Drogheda To Mornington as it will cause disruption to our [REDACTED] business.

As outlined in your letter, you stated that our business will be disrupted. We have tried unsuccessfully to get more information with regards to traffic management though out the development and have not received any reply.

[REDACTED] have been in business for over 60 years in Drogheda and a lot of businesses depend on us for either them collecting [REDACTED] from our depot or us [REDACTED] on our premises.

[REDACTED] companies and farmers heavily depend on us so their companies can function but with the traffic disruptions during this development our 24 hour call out vans will struggle to get these customers sorted thus their business will also be effected.

We have 12 employees working at [REDACTED] and this development puts their jobs at risk. Looking forward to hearing back to you about this matter.
