Dear Sir/Madam,

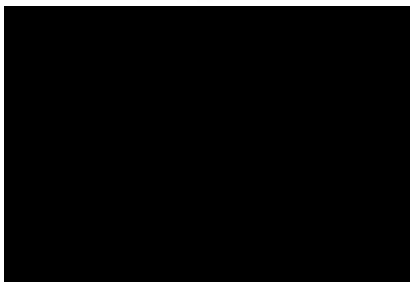

Re: ref. no. PL17.307652

We object to the planning submission quoted above as we believe the current proposal will result in a negative impact on the Mornington area. Our main objections relate to:

- Lack of parking provision for users of the Greenway.
- Residents of Mornington Court and Tower Road losing large parts of their green areas and gardens.
- A rise in littering and anti-social behaviour.
- The impact on the environment and wildlife sanctuary, which would contravene the European Laws protecting the Boyne and dunes.

Please note we believe a Greenway would be a wonderful addition to the area but not in its current iteration. The planning of this facility needs to be revisited and the concerns outlined above addressed. Thank you.

Yours sincerely,

[Handwritten mark]
