**Online Meetings:** The holding of Council meetings will continue to take place in line with public health measures and the Standard Operating Guidance (SOG) for the local government sector. In line with a recommendation of the CPG, the Municipal Districts will meet ‘in-person’ during July. Future meeting arrangements will be assessed in line with the easing of restrictions and the public health advice.

**Municipal Districts AGMs:** All six Municipal Districts held their Annual General Meetings in the County Hall between June 15-23, with the exception of the Ashbourne MD which had its meeting in the Ashbourne Civic Offices. County Hall was used to facilitate physical distancing and provide limited access to the meetings by members of the press and public. All six agreed their schedule of meetings for 2021-2022 and elected the Cathaoirleach and Leas-Chathaoirleach, as follows:

MD	Cathaoirleach	Leas-Chathaoirleach
Ashbourne	Cllr. Suzanne Jamal	Cllr. Amanda Smith

### Dormant Accounts Funding 2021

The Minister for Rural and Community Development, through the Dormant Accounts Fund, is making funding available to local authorities to provide support to marginalised, socially excluded and disadvantaged communities.

The public library strategy '*Our Public Libraries 2022 – Inspiring, Connecting and Empowering Communities*' focuses on removing barriers to access and improving accessibility, with a specific focus on communities and individuals at risk of being socially excluded, marginalised or disadvantaged. Funding will support measures set out in the strategy, including:

- building on existing and developing new relationships with local agencies and groups to facilitate greater engagement with hard to reach, marginalised and disadvantaged communities.
- provide opportunities for all users to engage in lifelong learning through the delivery of services developed in collaboration with national and local partners.

Meath County Council library service has applied for €35,000 for a range of projects supporting people with sensory needs, from installation of a Sensory Pod at Dunshaughlin Library, to the roll-

out of a 'Toys, Technology and Training' initiative which will benefit users across the county. Projects designed to promote and increase access to library services for children and young people in DEIS and CLÁR areas are also included in the application.

### **National Age Friendly Library Recognition Programme – Trim and Athboy**

In 2019, 48 libraries across the country achieved the recognition of becoming an Age Friendly Library. These libraries, including Kells Library, carried out a four stage process and in doing so committed to implementing initiatives to make access to libraries a more enjoyable and comfortable experience for older people.

The National Age Friendly Recognition Programme is now entering a second phase and Meath County Council has nominated Trim and Athboy Libraries to participate in the expanded programme. The programme is a very valuable means of encouraging re-engagement with older people now that libraries are open to the public again.

### **National Integration Fund – Meath County Library Initiatives**

The National Integration Fund 2020 is a key element of the Migrant Integration Strategy 2017-2020 which was developed to enable migrants, or persons of migrant origin, to participate on an equal basis with those of Irish heritage. Its primary objective is to ensure that barriers to full participation in Irish society by migrants or their Irish-born children are identified and addressed.

The funding is provided to projects which take an inclusive approach, aiming to bring migrants and host communities together and encompassing a range of themes, including increasing mutual understanding between local communities and migrants; combatting racism and xenophobia; promoting the integration into Irish society of vulnerable or socially-excluded immigrants and promoting the involvement of immigrants in sport, volunteering and cultural activities.

Work is now on-going on a number of outreach projects which will benefit amongst others the

- Polish school in Navan
- Pre-school and Homework Club in Mosney

Cultúr has also been engaged to train library staff and support the delivery of multi-cultural and inter-cultural events and embed diverse programming in the libraries wide-ranging calendar of events.

Funding will also be directed to increasing the range of multi-cultural stock and resources available for public lending across the branch network.
