Is there plans to develop the area as per original lane and can this open space be accessed and used by the public. (At a previous meeting ((2018) it was stated that money was available to open the site for public use).”

5 Notice of Motion

5.1 Submitted by Councillor Alan Tobin

“To designate the parking area between AIB bank and the Church, a EV charging zone. Taxi’s are being given a generous grant to upgrade to an EV, there is a disability parking space idea for a disability charging space and one stand alone private car space (5 charge pints in total). This will allow the public to charge while doing business in town and allow our public transport to transition to zero emissions easily.”
