Clár / Meeting Agenda

“To ask Meath County Council to establish and clarify the precise position regarding the final section of the proposed preferred route for the M2 from the Pillo roundabout to Primetestown. This clarity is required for the numerous landowners and property owners whose property is located in the large square of land where there was indecision regarding this section of the preferred route. This final decision regarding this final section of the preferred route needs to be clarified in the interest of fairness to these property owners as it is unfair to leave them in no-mans land for the period that the road remains on hold.”

5.2 Submitted by Councillor Alan Tobin

“Following a previous motion and update on a new smarter traffic management system to replace SPOT in Ashbourne, has the council any timeframes for the installation of the new system as I note that SPOT is turned off for approximately three years now?”

5.3 Submitted by Councillor Aisling O’Neill

“I request an update on progress in acquiring 80 acres of land in Killeglan for the provision of a public park which were recently zoned in the County Development Plan.”

6 Notice of Motion

6.1 Submitted by Councillor Conor Tormey

“That Meath County Council install traffic calming measures in and around Donaghmore Church on the R125. Something similar to the traffic calming that was put in at the Swans junction in Curragha. Since the road has been upgraded the traffic is now coming at a high speed into the blind bend at the church which makes it very dangerous for parishioners exiting the church and crossing the road.”
