#### **5.0 Relevant Legislation**

In order to assess whether or not the structure described in para. 2.2 is or is not development or is or is not exempted development regard must be had to the following legislation:

##### **5.1 Section 2 of the Planning & Development Act (PDA) 2000 (as amended)**

“development” has the meaning assigned to it by section 3, and “develop” shall be construed accordingly;

“exempted development” has the meaning specified in section 4;

“structure” means inter alia any building, structure, excavation, or other thing constructed or made on, in or under any land, or any part of a structure so defined, and where the context so admits, includes the land on, in or under which the structure is situate;

“unauthorised development” means, in relation to land, the carrying out of any unauthorised works (including the construction, erection or making of any unauthorised structure) or the making of any unauthorised use;

“unauthorised works” means any works on, in, over or under land commenced on or after 1st October 1964, being development other than—

- (a) exempted development (within the meaning of section 4 of the Act of 1963 or section 4 PDA), or
- (b) development which is the subject of a permission granted under Part IV of the Act of 1963 [or under section 34, 37G or 37N PDA], being a permission which has not been revoked, and which is carried out in compliance with that permission or any condition to which that permission is subject; and

“works” includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal and, in relation to a protected structure or proposed protected structure, includes any act or operation involving the application or removal of plaster, paint, wallpaper, tiles or other material to or from the surfaces of the interior or exterior of a structure.

---

## 5.2 Section 3 of the Planning & Development Act (PDA) 2000 (as amended)

Section 3(1) PDA 2000 defines “development” as follows:

“Development means except where the context otherwise requires, the carrying out of any works on, in over or under land or the making of any material change in the use of any structures or other land”.

## 5.3 Schedule 2 Part 1 Class 14f of the Planning & Development Regulations (PDR) 2001 (as amended)

*‘Change of use Class 14. Development consisting of  
(f) from use as a house, to use as a residence for persons with an intellectual or physical disability or mental illness and persons providing care for such persons*

Subject 2 (column 2)

*‘The number of persons with an intellectual or physical disability or a mental illness living in any such residence shall not exceed 6 and the number of resident carers shall not exceed 2.’*

I am satisfied that the applicant complies with Class 14f in that there is a maximum of 6 persons with an intellectual disability and 2 carers within the residence.

Section 4(2) of the PDA provides for the making of regulations relating to exempted development. The Planning & Development Regulations (PDR) 2001 (as amended) give effect to section 4(2).

## 5.4 Section 5 of the Planning & Development Act (PDA) 2000 (as amended)

Section 5 PDA 2000 provides *inter alia*:

- (1) If any question arises as to what, in any particular case, is or is not development or is or is not exempted development within the meaning of this Act, any person may, on payment of the prescribed fee, request in writing from the relevant planning authority a declaration on that question, and that person shall provide to the planning authority any information necessary to enable the authority to make its decision on the matter.
  - (2) (a) Subject to *paragraph (b)*, a planning authority shall issue the declaration on the question that has arisen and the main reasons and considerations on which its decision is based to the person who made the request under *subsection (1)*, and, where appropriate, the owner and occupier of the land in question, within 4 weeks of the receipt of the request.  
(b) A planning authority may require any person who made a request under *subsection (1)* to submit further information with regard to the request in order to enable the authority to issue the declaration on the question and, where further information is received under this paragraph, the planning authority shall issue the declaration within 3 weeks of the date of the receipt of the further information.
-

(c) A planning authority may also request persons in addition to those referred to in *paragraph (b)* to submit information in order to enable the authority to issue the declaration on the question.

#### **5.5 Section 32 of the Planning & Development Act (PDA) 2000 (as amended)**

Section 32 PDA 2000 sets out a general obligation to obtain planning permission in respect of any development of land, not being exempted development, and in the case of development which is unauthorised, for the retention of that unauthorised development.

#### **5.6 Article 6 of the Planning & Development Regulations (PDR) 2001 (as amended)**

Article 6 PDR 2001 provides (subject to the restrictions in article 9 PDR 2001) for the classes of exempted development under column 1 of Parts 1, 2 and 3 of Schedule 2, subject, where applicable, to the conditions and limitations imposed upon such classes as set out in column 2.

#### **5.7 Article 9 of the Planning & Development Regulations (PDR) 2001 (as amended)**

Article 9 PDR imposes specific restrictions on development of classes specified in Parts 1, 2 and 3 of Schedule 2 and in effect de-exempts certain classes of development that would be exempt under normal circumstances.

### **6.0 Assessment**

The question has arisen as to whether the change the use of the existing house from a single family residence to a residence for up to 6 persons with an intellectual or physical disability with the appropriate level of care staff to meet the clients' needs. (no. of resident carers will not exceed 2 no) is or is not development and is or is not exempted development. In this regard it is necessary to consider the question of "development" and "exempted development" as provided for in statute and summarised above.

#### **6.1 "Development"**

I consider that the change the use of the existing house from a single family residence to a residence for up to 6 persons with an intellectual or physical disability with the appropriate level of care staff to meet the clients' needs. (no. of resident carers will not exceed 2 no) outlined in para. 2.2 falls within the statutory interpretation of works and therefore within the section 3(1) PDA 2000 definition of development.

#### **6.2 "Exempted Development"**

Class 14 of Part 1 of Schedule 2 PDR provides an exemption for inter alia the change of use from use as a house, to use as a residence for persons with an

---

intellectual or physical disability or mental illness and persons providing care for such persons. I consider that the facility meets the conditions and limitations under column 2 and is exempted development under article 6(1) PDR for the purposes of the PDA and is not restricted by virtue of article 9.

## **7.0 Appropriate Assessment**

- 7.1 Article 6(3) of Council Directive 92/43/EEC (as amended) on the conservation of natural habitats and of wild fauna and flora ('the Habitats Directive') requires that any plan or project that is not directly connected with or necessary to the management of the Natura 2000 site concerned but is likely to have a significant effect on it, on its own or in combination with other plans and projects, is to be authorised only if it will not adversely affect the integrity of that site. The site is south west of the nearest Natura site, River Nanny Estuary and Shore SAC (SiteCode: IE004158) which is part of the Natura Network. The applicant has not submitted an AA Screening Report in respect of the possible impacts ecological impacts of the proposal on the nearest Natura site(s).
- 7.2 The Planning Authority's Screening for Appropriate Assessment has considered the potential effects including direct, indirect and in-combination effects of the proposed development, individually or in combination with the permitted developments and cumulatively with other plans or projects on European Sites. There is no obvious hydrological/S-P-R linkage between the development site and the Natura Network. The Planning Authority therefore concludes that the proposed development (entire project), by itself or in combination with other plans and developments in the vicinity, would not be likely to have a significant effect on European Site(s). In light of this, it is considered that a Stage 2 Appropriate Assessment (Natura Impact Statement) is not required in this instance.

## **8.0 Conclusion & Recommendation**

- 8.1 **I conclude** that the change the use of the existing house from a single family residence to a residence for up to 6 persons with an intellectual or physical disability with the appropriate level of care staff to meet the clients' needs. (no. of resident carers will not exceed 2 no) at The Loft (Formerly known as Le Ryna House) Martin's Road, Gormanstown, Co. Meath, K32 V672, is development and is exempted development.
- 8.2 **I recommend** that the application for an exempted development certificate is **GRANTED** for the following reason:

Meath, K32 V672 is exempted development under the provisions of Schedule 2 Part 1 Class 14 (f) Change of Use of the PDR 2001 (as amended).
