

Carlow Applications Granted Funding under Strand 1/strand 1a of the Community Climate Action Programme				Strand 1 allocation: €378,000
	Group Name	Project Overview	Funding Allocation	Theme(s)
	Small Projects			
1	Tinryland Park	Upgrade of public lighting to Community Energy efficient lights	€20,000	Community Energy
	Medium Projects			
2	Carlow Town Hurling Club	Solar panels and Community Energy upgrades to water heating and improved Community Energy efficient windows	€50,000	Community Energy
3	Tullow Men's Shed	Building upgrade with insulation, window & door replacement, sensor lighting, solar panels and Community Energy efficient heating	€ 25,596	Community Energy
4	Bagenalstown Gaels	Co-ordinated project involving improvements at Bagenalstown Gales, Bagenalstown AFC and the Community Garden	€ 38,690	Community Energy, Travel,Local Climate and Environmental Action
5	St. Patrick's GAA Tullow	Solar panels and battery installation	€39,707	Community Energy
	Large Projects			
6	Drummin Bog (Subject to planning)	Rewetting of Drummin bog and installation of walkway	€93,648	Local Climate and Environmental Action
7	St. Patrick's AFC Graiguecullen	Installation of Community Energy efficient hot water system, replacement of flood lights with Community Energy efficient version, building insulation, water refill station and biodiversity planting.	€50,930	Community Energy, Shopping & Recycling, Local Climate and Environmental Action
8	Myshall Community Centre	Insulation and replacement of windows, as well as bike stand installation & waterfill station.	€ 53,319	Community Energy,Travel, Shopping and Recycling

Cavan Applications Granted Funding under Strand 1/strand 1a of the Community Climate Action Programme				Strand 1 allocation €439,000
	Group Name	Project Overview	Funding Allocation	Theme(s)
Small Projects				
1	Fairgreen Community Garden	Installation of solar panels, planting of a fruit orchard and installation of water harvesting system.	€13,350.00	Community Energy, Food and Waste, Local Climate and Environmental Action
2	Cavan Tidy Towns	Installation of a bike shelter, water refill station and two solar powered waste bins as well as planting of wildflower beds and installation of bug hotels within the County Town.	€20,000.00	Travel, Shopping, Food and Waste, Local Climate and Environmental Action
3	Ballyhaise Development Association	Installation of a water refill station, water butt and planting of native pollinator friendly plants in communal area.	€6,906.40	Shopping , Local Climate and Environmental Action
4	Ballinagh Community Enterprise Association	Installation of solar lighting and various biodiversity measures.	€1,018.00	Local Climate and Environmental Action, Food and Waste, Community Energy
5	Templeport Resource Centre Development Co	Upgrade the Community Energy efficiency of Templeport Resource Centre to include the upgrade of external doors, upgrades to LED lighting, installation of solar panels and creation of a wildflower garden.	€18,821.00	Community Energy,Local Climate and Environmental Action
6	Drumavaddy Social & Development Committee	Upgrade internal and external lighting to LED lighting at Drumavaddy Community Centre and install storage batteries to store power from already existing solar panels.	€20,000.00	Community Energy
7	Drumgoon Community Centre Co-operative Society Limited	Upgrade lighting to LED lighting at Gallonray House.	€9,125.00	Community Energy
8	Munterconnaught Community Development Association	Installation of solar panels, insulation of storage room, biodiversity project to include planting of native hedging and trees, water harvester unit and composter.	€16,530.92	Community Energy,Local Climate and Environmental action
9	Killeshandra Community Council	Installation of bike racks , water filling stations and planting of native trees.	€7,190.03	Local Climate and Environmental Action, Food and Waste, Community Energy
10	Killann Parish Green Group	Installation of pollinator friendly shrubs and trees and a rainwater harvesting system.	€9,941.67	Community Energy, Shopping and Recycling, Local Climate and Environmental Action
Medium Projects				
11	St Kilian's Heritage Centre	Installation of roof insulation, solar panels and bike racks.	€41,854.35	Community Energy, Local climate and environmental action
12	Crosserlough GFC	Installation of solar panels at Crosserlough GFC Clubhouse and The Realtog Centre, EV charging point, water refill stations, upgrade of windows and doors and pollinator planting.	€48,455.00	Community Energy, Shopping and Recycling, Local Climate and Environmental Action
13	Kildallan GAA	Installation of solar panels, bike racks, upgrade pitch lights to LED, shelving for swap shop and planting of biodiversity area.	€47,227.53	Community Energy,Travel, Shopping and Recycling, Local climate and environmental action
14	Denn GAA Club	Installation of solar panels, bike rack and upgrade of lighting to LED lighting.	€49,374.20	Community Energy ,Travel
15	Lacken Celtic GFC	Installation of solar panels, water refill stations and biodiversity area.	€21,018.10	Community Energy,Shopping and Recycling
16	Redhills GAC	Upgrade of floodlights to LED lighting, installation of solar panels and bike rack.	€42,600.00	Community Energy,Travel
Large projects				
17	Lavey GAA	Upgrade lighting to LED lighting, installation of solar PV system, water refill station and EV charging point.	€65,587.80	Community Energy,Travel, Shopping and Recycling
Strand 1a Project				
1	Kill Shamrocks GAA & St Patricks Dromintee GAC	Kill GAA Installation of solar panels, EV charging point, bike rack, water drinking fountains, recycling bins, creation of biodiversity area and community composting bin. St Patricks Dromintee GAC Installation of solar panels, waste bins, bicycle rack and planting to create a natural environment for wildlife habitat.	€49,765.71	Community Energy,Travel, Local Climate and Environmental Action
2	Killinagh Community Council & Cuilcagh Lakelands UNESCO Global Geopark	Killinagh Community Council Installation, including civil works, of the following items at both Lough MacNean Amenity Park and Cavan Burren Park sites: Water Dispensers, Bike Repair Stations, and E Bike Chargers. Cuilcagh Lakelands UNESCO Global Geopark Installation, including civil works, of the following items at both Marble Arch Caves & Killykeegan Nature Reserve sites: Water Dispensers, Bike Repair Stations, and E Bike Chargers	€48,129.00	Travel, Local Climate and Environmental Action
3	Swanlinbar Development Association & Kinawley Community Hall Association	Swanlinbar Development Association Installation of solar panels and battery storage at Trivia House & installation of solar panels at St Mary's GAA Clubhouse Kinawley Community Hall Association Installation of solar panels, battery storage and EV charger.	€86,056.80	Community Energy
4	Castlerahan GAA Fay Park Hub & Enniskillen Gaels GAC	Castlerahan GAA Fay Park Hub Installation of replacement LED floodlights, water refill station, bug hotels, bird boxes, bat boxes, tree and wildflower planting. Enniskillen Gaels GAC Installation of replacement LED floodlights, solar panels, water refill stations and biodiversity project to install bird, bat and bug boxes, hedgehog houses, grass area work, wildflower garden, fencing and planters.	€89,319.00	Community Energy,Local Climate and Environmental Action, Shopping and Recycling
5	Cavan County Local Development & The Fermanagh Trust	Cavan County Local Development Installation of solar panels, upgrade of LED lighting and installation of wildflower/ biodiversity area at Beckscourt Centre in Bailieborough. The Fermanagh Trust Installation of battery storage for solar panels and installation of new LED lighting at Broadmeadow Place.	€59,690.63	Community Energy,Local Climate and Environmental Action

Clare County Council Applications Granted Funding under Strand 1/strand 1a of the Community Climate Action Programme				Strand 1 Allocation €572,000
	Group Name	Project Overview	Funding Allocation	Theme(s)
	Small Projects			
1	Bodyke Tidy towns	Bodyke Tidy Towns project will involve installing a water refill station in their community park. They will also carry out pollinator planting.	€5,882.85	Local Climate and Environmental Action, Shopping and Recycling
2	Clarecastle Community Garden (under the governance of the Clarecastle Community Development CLG))	Clarecastle Community Development project includes the installation of a polytunnel in their community garden. The community garden will be secured by the installation of a security fence around the perimeter.	€11,994.00	Local Climate and Environmental Action
3	Clooney Spancilhill Community Development Group (CDG)	Clooney Spancilhill CDG consists of planting native trees. They will purchase a battery-operated strimmer. They will install a rainwater harvesting unit and install a bike parking shelter.	€17,131.00	Community Energy, Travel, Local climate and Environmental Action
4	College Green Residents Association	College Green Residents Association will plant a wooded area in their estate with a mix of native Irish trees as part of their project	€1,047.74	Local Climate and Environmental Action, Travel
5	Corofin Tidy Towns	Corofin Tidy Towns project will involve the installation of an outdoor water refill station. They will also purchase branded reusable bottles.	€6,500.00	Shopping and Recycling
6	Cratloe Community Council	Cratloe Community Council will install a rainwater harvesting system as part of their project. They will install a timber fence at the composting compound and plant mixed native hedging. They will also install a bicycle repair station.	€9,770.00	Travel, Local Climate and Environmental Action, Shopping and Recycling, Community Energy, Food and Waste
7	Doonbeg Tidy Towns	Doonbeg Tidy Towns will purchase a electric cargo trike as part of their project. They will install a motion-activated solar light and install	€9,194.14	Community Energy,Travel
8	Ennis Tidy Towns	Ennis Tidy Towns will purchase an electric cargo bike as part of their project. They will install two covered bike parking stands and a bike storage container. They will install water refill stations.	€20,000.00	Travel, Shopping and Recycling
9	Inch Tidy Village	Inch Tidy Village will carry out a small scale climate action project. They will purchase a compost tumbler, insect hotels, bird boxes and	€766.31	Local Climate and Environmental Action
11	Mike McTigue Community Centre CLG	Mike McTigue Community Centre will replace windows with triple glazed units as part of their project. They will lower the kitchen ceiling by putting a suspended ceiling in place and install insulation above the ceiling. They will install efficient LED lighting and associated electrical	€8,284.00	Community Energy
12	Obair CLG	Obair will install solar panel kits on seven of their meals on wheels delivery vans.	€7,964.25	Community Energy, Travel
13	West Coast Surf Club	West Coast Surf club will install water refill stations in Lahinch and Spanish Point as part of their project. They will also purchase reusable	€9,249.09	Shopping and Recycling
14	Scariff rugby club	Scariff Rugby club will replace the flood lights on the main playing field with high efficiency LED flood lights as part of their project.	€12,507.70	Community Energy
15	Ruan Tidy Towns	Ruan Tidy Towns will install raised beds as part of their project. They will plant mixed native hedging. They will install a water refill station in the village centre.	€3,788.00	Local Climate and Environmental Action, Shopping and Recycling, Food and Waste
	Medium Projects			
16	Bridge United AFC	Bridge United project includes installing a solar PV system in their clubhouse. They will install bike parking and waste recycling stations.	€36,180.00	Community Energy, Shopping and Recycling
	Carrigaholt Development Association Ltd	Carrigaholt Development Association project consists of the installation of a flood gate. They will plant native trees, nut trees and shrubs in their village. They will install nesting boxes for birds, bats and insects. They will install an accessible walkway and a seating	€30,259.66	Travel, Local Climate and Environmental Action
17	Ennis Men's Shed	Ennis Men's Shed will install a Solar PV system on their workshop as part of their project. They will install a polytunnel. They will install a rainwater harvesting system and create an outdoor garden to grow vegetables. They will create a biodiversity garden, which will be planted with pollinator shrubs and flowers. They will also install a solar	€38,058.26	Local Climate and Environmental Action, Shopping and Recycling, Community Energy, Food and Waste
18	Lisdoonvarna Fáilte CLG	Lisdoonvarna Fáilte will restore a section of the Pavilion Park by planting it with native species. They will rewild an area of about half an acre alongside recently renovated steps to the Twin Wells.	€36,869.00	Local Climate and Environmental Action
19	St. Josephs GAA Miltown Malbay	St. Joseph's GAA will install a Solar PV system on their clubhouse as part of their project. They will install a rainwater harvesting system. They will also install covered bike parking and metal composters.	€30,000.00	Community Energy, Local Climate and Environmental Action, Food and Waste, Travel
20	Shannon Tidy Towns	Shannon Tidy Towns will install a pollinator corridor as part of their project. This will involve planting pollinator friendly beds containing	€31,554.00	Local Climate and Environmental Action
	Large Projects			
21	Smith O'Briens GAA & Camogie Club	Smith O'Briens GAA & Camogie Club will install a Solar PV system on their clubhouse as part of their project. They will install covered bike parking. They will install a wall mounted water dispenser. They will plant native trees.	€65,000.00	Community Energy, Travel, Local Climate and Environmental Action, Shopping and Recycling
22	Kilkee Waterworld CLG	Kilkee Waterworld CLG will install a ground mounted solar PV system as part of their project. This will include; steel mesh fencing around the ground mounted solar to protect the solar array.	€100,000.00	Community Energy
23	Inagh Development	They will install a solar PV system in their community hall and their GAA Clubhouse. They will install covered bike parking and water refill stations. They will plant native fruit and nut trees. They will replace existing Astroturf lighting with LED and replace existing walkway	€80,000.00	Travel, Shopping and Recycling, Food and Waste, Community Energy
	Strand 1a Projects			
1	Feakle GAA / Greencastle GAA	Greencastle GAA will install solar PV system, install a recycled bench and appropriate planting as part of their project. They will also purchase reusable bottles. Feakle GAA will install a solar PV system on their clubhouse as part of their project. They will install an Air to Water Heating system. They will purchase a bookshelf for use as a	€100,000.00	Community Energy, Local Climate and Environmental Action
2	Clare GAA / Derry GAA	Clare GAA will install solar panels at their centre of excellence in Caherlohan. Derry GAA will install a Solar PV system at their centre of excellence in Owenbeg. Clare GAA will install bike parking in Caherlohan. Derry GAA will install bike parking spaces in Owenbeg. Derry GAA will install composting tumblers. Clare GAA will install composting tumblers. Derry GAA will install water refill stations at Owenbeg. Clare GAA will install water refill stations at Caherlohan.	€36,663.00	Community Energy, Food and Waste
3	Crusheen GAA / Trillick GAC	Crusheen GAA will build a dedicated pedestrian entrance to their grounds, a footpath, associated works and install solar lighting. Trillick GAC will construct a walking/cycling path along one side of their main playing fields and around their training pitch creating 800 metres of	€100,000.00	Travel

Cork County Council: Applications Recommended for Funding under strand 1 of the Community Climate Action Programme				Strand 1 €1,241,000
	Group Name	Project Overview	Funding Allocation	Theme(s)
Small Projects				
1	Glounthaune Tidy Towns	Development of a biodiversity corridor (improving roadside hedging, expanding roadside wildflower meadows) and the installation of two large biodiversity information boards.	€ 9,179.00	Local Climate and Environmental Action
2	Mallow Tidy Towns	Installation of bike racks/public seating from repurposed retired wind turbine blade in the town to enhance active travel facilities and improve uptake.	€ 12,300.00	Travel
3	Ring Rowing Club	Installation of solar PV panels and battery storage on a club facility to reduce Community Energy costs, and planting for the facility.	€ 3,542.00	Community Energy, Local Climate and Environmental Action
4	Aghada District Community Council	Installation of solar PV panels on a community building to reduce Community Energy costs.	€ 18,392.68	Community Energy
5	Carrigtwohill Community Council CLG	Materials for the enhancement of the existing community garden.	€ 5,139.98	Local Climate and Environmental Action
6	FON Ballymacoda LCG, T/A FON Community Sports Complex	Installation of solar PV panels on a community sports building to reduce Community Energy costs.	€ 15,000.00	Community Energy
7	Killeagh Inch Community Council (KICC)	Installation of bike racks in the village to enhance active travel facilities and improve uptake.	€ 7,798.20	Travel
8	Mullach na Réidh Teo	Installation of solar PV panels on community building to reduce Community Energy costs and community planting.	€ 11,894.80	Community Energy, Local Climate and Environmental Action
9	Cumann Na Daoine CTR	Installation of solar PV panels on a community building to reduce Community Energy costs.	€ 15,391.78	Community Energy
10	Milford Area Community Council	Installation of solar PV panels and battery storage on community building to reduce Community Energy costs and upgrade of internal lighting to LED.	€ 12,025.00	Community Energy
11	Bere Island Tourism and Environment Group	Upgrade of community-operated recycling centre with glass crusher to promote reuse of materials.	€ 5,535.00	Shopping and Recycling
12	Skibbereen Tidy Towns	Installation of a water-filling station in Skibbereen town centre to promote reuse and a reduction in single-use plastics.	€ 5,412.00	Shopping and Recycling
13	Whiddy Island Development Association CLG	Installation of solar PV panels and battery storage on a community building to reduce Community Energy costs.	€ 17,706.00	Community Energy
Medium Projects				
14	Tograí Chléire	Installation of community biodigester to address food waste and the provision of a pilot food waste collection scheme, in collaboration with a supporting business. Project also includes the development of an accompanying community garden.	€ 22,697.00	Food and Waste, Local Climate and Environmental Action
15	Mitchelstown Community Council	Installation of solar PV panels on a community building to reduce Community Energy costs. Project also involves planting and equipment for local allotments and supplies for a shopping reuse initiative.	€ 21,132.75	Community Energy, Food and Waste, Local Climate and Environmental Action
16	Mourneabbey Community Council	Installation of solar PV panels and battery storage on a community building to reduce Community Energy costs, as well as the installation of an EV charging point.	€ 36,326.00	Community Energy, Travel
17	Kilbrin Community Council	Installation of solar PV panels and battery storage on a community building to reduce Community Energy costs.	€ 28,975.00	Community Energy
18	Comhaltas Cosanta Chúil Aodha	Installation of solar PV panels on outdoor swimming pool building to reduce Community Energy costs.	€ 28,375.00	Community Energy
19	Conna Tidy Towns	Upgrade of existing lighting (to solar) around a pitch walkway and the installation of water-filling stations to promote reuse and a reduction in single-use plastics.	€ 25,389.75	Community Energy, Shopping and Recycling
20	Knocknamanagh CLG	Installation of solar PV panels and battery storage on community building to reduce Community Energy costs.	€ 25,651.00	Community Energy
21	Coachford AFC	Installation of solar PV panels on sports building to reduce Community Energy costs.	€ 29,226.25	Community Energy
22	Kanturk & District Community Council	Installation of solar PV panels and battery storage on two community buildings to reduce Community Energy costs.	€ 32,300.00	Community Energy
Large Projects				
23	Macroom Tidy Towns	Upgrade of existing path to develop an active travel cycleway/pathway.	€ 97,246.80	Travel
24	The Wild Atlantic Pool and Fitness Centre	Community Energy retrofit of an existing community owned leisure centre, installation of EV charging points, bicycle parking, planting for a pollinator project and upgraded recycling facilities.	€ 65,131.61	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
25	The Schoolyard Theatre and Arts Centre	Community Energy retrofit of inefficient historic community building to improve Community Energy efficiency and reduce heat loss and associated	€ 57,788.52	Community Energy
26	Kilshannig GAA	Installation of solar PV panels and battery storage on sports building to reduce Community Energy costs and LED lighting for existing walkway.	€ 88,842.13	Community Energy, Travel
27	Charleville Community Sports Complex Limited (CCSC)	Deep retrofit of an existing sports building and the installation of solar PV panels to reduce Community Energy costs.	€ 97,924.88	Community Energy
28	Friends of Firmount	Deep retrofit of an existing community building to reduce Community Energy costs.	€ 98,455.00	Community Energy
29	Banteer Community Sportsfield Ltd	Installation of solar PV panels and battery storage on sports building to reduce Community Energy costs.	€ 54,718.35	Community Energy

Cork City Council Applications Granted Funding under Strand 1/strand 1a of the Community Climate Action Programme				Strand 1 €860,000
	Group Name	Project Overview	Funding Allocation	Theme(s)
Small Projects				
1	Sunday Well RFC	Updating club buildings to be more Community Energy efficient overall, with this funding being used for Solar PV. Onsite reusing of training gear aimed mainly at younger players.	€20,000	Community Energy, Shopping and Recycling, Local Climate and Environmental Action
2	Blackpool Foyer Social Gardening	A community gardening project that brings together those who do not have access to gardening at home themselves, and also experience social isolation. With this funding they are using their agency to make informed choices around access to freshly grown food and increasing biodiversity with products more aligned to their values.	€832.00	Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
3	Shandon Area Renewal Association	This project will increase the output of produce from an established community gardening project. The investment will enable them to engage in more circular approaches to waste and composting, whilst also increasing the ability of the group to gather, supporting existing members and becoming a more welcoming space for new members.	€3,135.97	Food and Waste, Local Climate and Environmental Action
4	Blackpool Community Centre	This group commits to a small building project which will decrease heat loss from their main building. As part of a multipronged approach, they will increase biodiversity in their community garden and house an onsite water refill fountain to reduce plastic use and waste.	€7,179	Community Energy, Shopping and Recycling, Local Climate and Environmental Action
5	Cope Foundation	Cope proposes to install compost bins at all 29 sites around Cork City and use this compost to support and supply compost for the community growing project at the Bonnington site. This project will increase yield and create a close waste system within Cope. It will have a multiplier effect of increasing awareness of composting with the wider community connected to Cope. The implementation will be supported by the students enrolled in the QQI Training Course.	€9,570	Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
6	The Lough Community Association	This project proposes to develop a larger, more efficient community garden that will serve the community better than their current very limited set-up. They propose water harvesting for the garden from their main building, site clearance, building of raised beds with a large sized polytunnel.	€15,000	Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
7	Waterloo Renewal Group	This project will plant native Irish trees and fruit trees with the goal of sequestering carbon, improving air quality and reducing flooding risks, while also providing co-benefits of increased access to fresh fruit and nuts for local communities	€ 2,021.53	Local Climate and Environmental Action
8	The Glen Resource Centre	The Glen proposes to increase the scale of community composting and growing on site in the Glen including on site supportive building works. They will also create a microgeneration site through solar implementation.	€79,835.12	Community Energy, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
Medium Projects				
9	Civic Trust House	This project proposes to upgrade an existing and highly visible heritage building with sustainable measures that that cut across three themes. It has the potential to serve as a case study for community actions such as this in a high profile heritage building.	€11,752	Community Energy, Travel, Local Climate and Environmental Action
10	Lantern / Green Spaces	A collaborative project to support community groups to collectively move away from peat-based compost to a circular, closed-loop, waste-reducing composting mechanism. The project relies on high quality networks with governance and financial oversight from and experienced lead organisation.	€39,802	Food and Waste, Local Climate and Environmental Action
11	St Vincents Football and Hurling Club	This project proposes to upgrade internal lighting at the highly-used sports club. It will also make use of green spaces to improve biodiversity in the area with all the potential health and community co-benefits.	€ 50,000	Community Energy, Local Climate and Environmental Action
12	Bishopstown Lions Club	This project will look to improve community energy efficiency at Aras Leon in Bishopstown	€ 22,000	Community Energy, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
13	Douglas Street Business Association	The implementation of a Green Walls initiative in a city centre community with considerable collaboration between residents and the business community. This also follow on from a previous Climate Action Unit project that supported local communities to develop Community Climate Action Plans.	€36,278.50	Community Energy,Local Climate and Environmental Action
14	Upper Glanmire Community Association	The installation of PV Solar Panels, and EV Charger with all associated works.	€28,940	Community Energy, Local Climate and Environmental Action
15	Ballyphehane Community Centre	A project to support a community group already heavily invested in the Sustainable Community Energy Community (SEC) process to realise their community's Community Energy upgrades.	€25,000	Community Energy
16	Piarsaigh Huling & Football Club	This project proposes to upgrade all internal lighting at the highly-used sports club. It will also make use of green spaces to improve biodiversity in the area with all of the potential health and community co-benefits.	€25,000	Community Energy,Local Climate and Environmental Action
17	Railway Park Cork Community Group	A project to implement an activity track that will support young bicycle riders to learn basic skills and complementary re-greening landscaping.	€25,000	Travel, Local Climate and Environmental Action
Large Projects				
18	Social and Health Project (SHEP)	A large-scale project that involves installation of Solar PV, Bike storage and outdoor garden classroom with a community engagement mobilisation project to support dissemination and community activation for climate.	€ 42,031	Community Energy,Shopping and Recycling, Local Climate and Environmental Action, Travel
19	St Finbarr's Hurling and Football Club	This large-scale project proposes to upgrade lighting, to install Solar PV and take a fabric first approach to upgrading their buildings. It will also make use of green spaces to improve biodiversity in the area with all of the potential co-health and community co-benefits.	€ 100,000	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
20	Newbury House	A project that brings together a geographically community working in a collaborative way to support climate actions in each of their sites. It builds on a previous Climate Action Unit project that supported the Mayfield community to develop their own community climate action plan. This project sees the implementation of the community climate wishes in real, impactful and meaningful ways.	€ 69,717.97	Community Energy,Travel, Shopping and Recycling, Local Climate and Environmental Action, Food and Waste
21	Churchfield Community Trust	An urban composting project that brings together multiple stakeholders from across the community of Churchfield. Its vision is to create a closed-loop waste system that turns significant amounts of waste into compost for the local growing project. This project will benefit the community by creating connections between diverse communities. They will all come together on the two hectare St Mary's Health Campus has become a focal space for health and well-being on the northside of Cork city.	€ 100,000	Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
22	Fairhill Fairfield Community Association	This is a "ground up" project to establish a garden which can serve as an ignition spark to further climate actions. This project is underpinned by the values of collaboration and "Just Transition".	€67,961	Community Energy,Travel, Shopping and Recycling, Food and Waste, Local Climate and Environmental Action
Strand 1a Project				
1	Togher Community Garden with SHEP, and Belfast City Council Project	Urban Growing: This project will work with local communities to embed low carbon approaches to food production, supply and consumption.	€ 30,000	Community Energy ,Travel, Food and Waste, Local Climate and Environmental Action
2	Soilsavers @ Testsite and Belfast City Council	Urban Greening: These projects will look at urban greening opportunities and challenges, and focus on solutions and shared learning from both cities and their communities.	€ 30,000	Travel, Food and Waste, Local Climate and Environmental Action
3	Saint Vincents, Donegal Pass Community Centre Belfast, Fairhill Fairfield Community Association Cork City	Installation of Solar PV and acts as a early adopters or flagship project that will both, support the target communities to reduce emissions and costs, and will spark interest in and investment from both individuals and communities alike in investing in Solar PV	€ 87,042	Community Energy

Donegal County Council - Applications Granted Funding under Strand 1/Strand 1a of the Community Climate Action Programme				Strand 1 Allocation €699,000
	Group Name	Project Overview	Funding Allocation	Theme(s)
Small Projects				
1	Milford & District Resource CLG, Milford	Solar PV, Bike Rack, Water Filling Station	€ 14,400.00	Community Energy, Travel, Food and Waste
2	CLG Aodh Ruadh, Ballyshannon	Solar PV, EV Charging Point	€ 20,000.00	Community Energy, Travel
3	White Oaks Acorn Project, Muff	Polytunnel & Biodiversity Project	€16,200.00	Food and Waste, Local Climate Action
4	Ramelton Grow Together, Ramelton	Polytunnel, Garden Shed, Glass House & Tools for Community Garden	€ 14,800.00	Community Energy
5	Comhlacht Forbartha An Tearmainn, Termon	LED Lighting upgrade	€ 6,700.00	Community Energy
6	Wild Inishowen, Buncrana	Wetland Trail, Dispersed Orchards, Native Tree Planting	€ 16,600.00	Travel, Local Climate and Environmental Action
7	Gleann Fhinne Cuideachta Faoi Theorainn Ráthaíochta, Cloghan	Solar PV and related equipment	€ 16,500.00	Community Energy
8	Letterkenny Tidy Towns, Letterkenny	Rainwater Harvesting System	€ 1,900.00	Local Climate and Environmental Action
9	Ramelton Community Centre, Ramelton	Solar PV	€ 12,800.00	Community Energy
10	Moville Tidy Towns, Moville	Bike Repair Station	€3,000.00	Travel
Medium Projects				
11	Narin, Portnoo, Rosbeg Community Co-Op Society Ltd., Portnoo	Solar PV, EV Charging Point	€ 39,000.00	Community Energy, Travel
12	Coiste Forbartha Dhobhair Teo, Bunbeg	Solar PV, LED Lighting Upgrade, Water Filling Station	€ 51,000.00	Community Energy, Shopping and Recycling
13	Coiste Forbartha Chnoc Fola, Derrybeg	Solar PV, EV Charging Point	€ 31,800.00	Community Energy
14	Letterkenny RFC, Letterkenny	Solar PV, EV Charging Point	€ 35,000.00	Community Energy, Travel
15	Spraioi agus Sport, Carndonagh	Solar PV, Equipment & Materials for Repair Hub	€ 36,000.00	Community Energy, Travel
16	Laghey Hall, Laghey	Retrofitting Community Buildings, Community Energy Efficient Upgrades, Bike	€ 42,300.00	Community Energy, Travel
Large Projects				
17	Carndonagh GAA Club, Carndonagh	Solar PV, Integrated Constructed Wetland, LED Lights, Bike Rack, EV Charger, Water Refill Station	€ 89,000.00	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
18	Comharchumann Forbartha Dhún Lúiche, Dunlewey	Solar PV, Retrofitting Community Building, LED Lighting upgrade, EV Charger, Bike Rack, Mini Forest, Pollinator Project	€ 100,000.00	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
19	Áisleann Rann na Feirste, Annagry	Solar PV, Community Energy Efficient Upgrades, Bike Rack, Material for Community Garden, Retrofitting Community Buildings, LED Lighting	€ 69,000.00	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
20	Lárionad Achmhainí Nádurtha (LAN Ctr), Falcarragh	Solar PV, Community Energy Efficient Upgrades, EV Charger, Biodiversity Project	€ 79,000.00	Community Energy, Travel, Food and Waste, Local Climate and Environmental Action
Strand 1a Projects				
1	CLG Beart, Burt GAA & Eire Og GAC, Craigavon, Co. Armagh	Solar Panels and related equipment	€ 46,535.00	Community Energy, Travel
2	Moville and District Family Resource Centre & Greater Shantallow Area Partnership, Derry	Retrofitting community buildings, Solar Panels and related equipment, Community Energy efficient upgrades, LED Lighting	€ 48,174.00	Community Energy
3	Lárionad Acmhainní Nádurtha CTR & Carntogher Community Association/ Coiste Forbartha Charn Tóhair, Co. Derry	Community Energy efficient upgrades, Solar Panels and related equipment, Retrofitting community buildings, Heat Pump, Growing Benches	€ 100,000.00	Community Energy, Food and Waste
4	Cully Hall Committee & Friends of Castlecatt War Memorial Hall Association, Co. Antrim	Solar Panels and related equipment, Bike rack, Electric Bik, EV Charging point, Retrofitting community buildings, LED community lighting, Biodiversity project	€ 76,124.00	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
5	Castlefinn Partnership Initiative Ltd & Derry City & Strabane District Council	Solar Panels and related equipment	€ 100,000.00	Community Energy

Dublin City Council - Applications Granted Funding under Strand 1/Strand 1a of the Community Climate Action Programme				Strand 1 Allocation €1,938,000
	Lead Partner	Project Overview	Funding allocation	Theme(s)
Small Projects				
1	Doras Bui	Install solar PV system and visual display unit	€19,140.00	Community Energy
2	St. Anthony's House	Upgrade electrical kitchen appliances and install bike locker.	€18,724.00	Community Energy,Travel
3	Beaumont Community Garden	Install 30 raised beds made from recycled plastic and a rainwaterharvesting system.	€18,142.00	Food and Waste, Local Climate and Environmental Action
4	Moatview EC	Install new windows and doors and create a toy library.	€16,913.00	Community Energy,Shopping and Recycling
5	Kingfisher Project	Awarded for materials and seeds for the creation of 100 Dispersed Mini Community Gardens.	€19,693.00	Local Climate and Environmental Action
6	Riversdale Sports Club	Install solar PV system and visual display unit and upgrade light fittings.	€14,811.00	Community Energy
7	St. Benedict's Resource Centre	Install solar PV system and visual display unit.	€13,000.00	Community Energy
8	Klear ltd	Install solar PV system and visual display unit.	€13,000.00	Community Energy
9	Brighton Square	Install a rainwater harvester system, 3 bay composter and native fruit trees.	€11,136.00	Community Energy, Food and Waste, Local Climate and Environmental Action
10	Inchicore Environment group	Purchase plants and equipment for nature friendly planting.	€10,763.00	Food and Waste, Local Climate and Environmental Action
11	Markiewicz Centre	Install solar PV system and visual display unit.	€10,555.00	Community Energy
12	Templeogue Synge Street GFC	Install EV charging point.	€10,500.00	Community Energy
13	Our Lady's Hall	Install rainwater harvesting system.	€9,705.00	Local Climate and Environmental Action
14	Tog Hackerspace	Create a mobile 'repair café in a box'.	€8,488.00	Travel, Shopping and Recycling
15	St. John Bosco Youth Centre	Upgrade lighting system.	€8,410.00	Community Energy
16	HQ Scout Group, Dantry	Install a covered bike rack.	€7,000.00	Travel
17	Bonnybrook Parish Care for the Environment Group	Plant a pocket forest and native hedge.	€6,900.00	Local Climate and Environmental Action
Medium Projects				
18	Killester Donnycarney FC	Installation of 2 EV chargers, solar PV with visual display unit, lighting upgrades, tree and shrub planting, bike racks and project information board.	€47,963.00	Community Energy, Travel, Food and Waste, Local Climate and Environmental Action
19	Beechwood Parish	Solar PV system with visual display unit, lighting upgrade, bike repair station, rainwater/food planters with seating.	€44,064.00	Community Energy,Travel, Food and Waste, Local Climate and Environmental Action
20	St. Monica's Youth Club	Install solar PV system and visual display unit and install vertical bicycle lockers.	€43,423.00	Community Energy ,Travel
21	Ballyfermot Youth Service	Installation of a water refill station, solar PV system with visual display unit, replace radiators, install bike lockers and repair stand.	€41,970.00	Community Energy,Travel, Shopping and Recycling
22	St. Brigid's Resource Centre	Install solar PV system and visual display unit.	€34,384.00	Community Energy
23	Simon Community	Replacement of double glazing windows and doors.	€39,554.00	Community Energy
24	Darndale Football Club	Install vertical bike lockers, second hand bicycles, bike repair tools, equipment for a repair facility and install water refill unit.	€46,435.00	Travel, Shopping and Recycling
25	Ringsend and Irishtown Community Centre	Installation of solar PV system with visual display unit, water butts, composters and a greenhouse.	€39,412.00	Community Energy,Food and Waste, Local Climate and Environmental Action
26	Bluebell CDP	Develop a repair facility, purchase equipment and plants for panting programme, install rainwater harvesting and composting systems.	€23,630.00	Community Energy,Food & Waste, Shopping and Recycling, Local Climate and Environmental Action
27	Clontarf GAA	Install solar PV system with visual display unit, bicycle shelter with repair station, planters for plants/herbs and a wormery.	€37,457.00	Community Energy,Travel, Food and Waste, Shopping and Recycling, Local Environmental and Climate Action
28	Raheny Tidy Village Group	Awarded for a rain garden, riverbank planting, native trees, compost bin, and garden cart.	€34,672.00	Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
29	Phibsboro Village Climate Club	Remove and replace Leylandii hedge with native hedgerow, install solar PV system with visual display unit, install green waste composting and upgrade lighting.	€33,375.00	Community Energy, Shopping and Recycling, Local Climate and Environmental Action
30	Bloomin Crumlin Community Cleanup	Install a Dryloo, dispersed orchard and to purchase sewing machines to support a repair facility.	€32,557.00	Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
31	St. Anne's City Farm	Install a water filtration system, solar PV and visual display unit, bicycle storage, compost bins and materials to be able to host swap shops.	€32,480.00	Community Energy, Travel, Shopping and Recycling
32	Dolphin House	Nature friendly landscaping, a greenhouse, food caddies and compost facility, bicycle maintenance facility, community picnic table and project signage.	€31,256.00	Travel, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
33	Clontarf Yacht and Boat Club	Install solar PV system and visual display unit, rainwater harvesting system and slipway cleaning system.	€30,534.00	Community Energy,Shopping and Recycling, Local Climate and Environmental Action
34	Darndale Belcamp Newlife Centre	Solar PV system with visual display unit and raised beds.	€30,000.00	Community Energy, Local Climate and Environmental Action
35	Railway Union Sports Club	Solar PV system with visual display unit and bicycle park.	€30,000.00	Community Energy, Travel
36	Northside Partnership	Solar PV system with visual display unit, mini orchard and water harvesting system.	€29,994.00	Community Energy,Food and Waste, Local Climate and Environmental Action
37	Killester Blooms partnering with Charlemont Residents Association	Awarded for a polytunnel, water harvesting system and local climate actions.	€25,632.00	Community Energy,Travel, Food and Waste, Local Climate and Environmental Action
38	St. Paul's Artane Football Club	Upgrade lighting and implement sustainable upgrades.	€25,000.00	Community Energy, Travel, Food and Waste,Shopping and Recycling, Local Climate and Environmental Action
39	Ballymun Child and Family Resource Centre	Install solar PV system and visual display unit.	€21,000.00	Community Energy
Large Projects				
40	Ballyfermot family resource Centre	Install a solar PV system, upgrade lighting, install bike lockers and a recycling facility and develop a pollinator garden.	€100,000.00	Community Energy, Travel, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
41	Matt Talbot Community Centre	Improve insulation, install a heat pump and replace radiator and heating controls.	€100,000.00	Community Energy
42	Sandymount Community Centre	Replace lighting and insulate building, install a cycle stand, purchase resources to deliver swap shops and install swift bricks and a pollinator garden.	€99,125.00	Community Energy,Travel, Shopping and Recycling, Local Climate and Environmental Action
43	Terenure Enterprise Centre	Install a solar PV system with visual display unit, bicycle shelter with repair station, attic insulation and lighting upgrade.	€96,447.00	Community Energy, Travel, Shopping and Recycling
44	Ballyfermot Chapelizod Partnership	Install solar PV system with visual display unit, install Community Energy efficient heaters, a bike shelter and EV charging point, purchase fruit trees and hedging plants for planting on site, build a composter and leaf mulch facility, install a water fountain, purchase a cold frame and develop a rainwater garden.	€92,873.00	Community Energy,Travel, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
45	CLG Na Fianna GAA	Install a solar PV system with visual display unit, low Community Energy lighting, water refill station, bike repair facility and recycling facility.	€85,740.00	Community Energy, Travel, Food and Waste, Shopping and Recycling
46	Artane Beaumont Family Recreation Centre	Install a solar PV system with visual display unit and vertical bicycle lockers.	€81,018.00	Community Energy, Travel
47	Axis Ballymun	Upgrade lighting, install TRV's on radiators, a water refill station and biodiversity bike storage facility and purchase material to facilitate swap shop.	€78,135.00	Community Energy, Travel, Shopping and Recycling
48	Finglas Celtic	Install a solar PV system with visual display unit, bike lockers, raised beds and a wildlife garden	€70,000.00	Community Energy, Travel, Food and Waste, Local Climate and Environmental Action
49	Sphere 17	Install a solar PV system with visual display unit, create a hedgerow using native plants and plant a mini orchard, install a polytunnel with irrigation system and a bike park with green roof.	€68,973.00	Community Energy, Travel, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
50	Methodist Centenary Church	Install new doors, solar PV system with visual display unit, bike lockers with repair stand and purchase native pollinator friendly plants.	€53,193.00	Community Energy, Travel, Local Climate and Environmental Action
Strand 1a Project				
1	City Farm, Ballymun and St. James Community Farm, Belfast	Install off-grid solar system, secure bicycle parking, woodchipper, rainwater harvesting system, green roof and can crusher.	€57,885.00	Community Energy, Travel, Local Climate and Environmental Action

Dún Laoghaire-Rathdown County Council: Applications Granted Funding under Strand 1 of the Community Climate Action Programme				Strand 1 Allocation €883,000
	Group Name	Project Overview	Funding Allocation	Theme(s)
Small Projects				
1	Dalkey Hillside Estate	Future Friendly Dalkey project -Home Energy Kit, Materials for Community Garden, Mini forest, Book Exchange, and Toy Swap	€ 5,170	Travel, Food and Waste, Shopping and Recycling, Local Climate and Enviromental Action
2	Fernhill Community Garden	Solar panels and related equipment for rainwater harvesting system. Materials for community garden.	€ 4,850	Community Energy, Food and Waste, Local Climate and Enviromental Action
3	Foxrock Area Community & Enterprise CLG (FACE)	Foxrock Goes Green- Bike repair station, leaf mould cages, reusable coffee cup project, community orchard	€ 14,090	Travel, Food and Waste, Shopping and Recycling, Local Climate and Enviromental Action
4	Sallynoggin Estate Mgmt Forum	Materials for community garden and pollinator project	€ 12,903	Food and Waste, Local Climate and Enviromental Action
5	Wedgewood Residents Association	Fruit trees and edible fruit bushes	€ 17,475	Food and Waste, Local Climate and Enviromental Action
6	Pine Valley Residents Association	Trees and tree stakes for mini forest	€ 1,708	Local Climate and Enviromental Action
7	Meadowbrook Residents Association	Native trees and fruit trees, and leaf mould cages	€ 5,563	Food and Waste,Local Climate and Enviromental Action
8	Delbrook Park Residents Association	Fruit and herb garden, mini forest and dispersed orchard	€ 12,575	Food and Waste, Local Climate and Enviromental Action
9	Mount Merrion Community Centre	Planting, water butts, composting facilities	€ 1,761	Food and Waste, Local Climate and Enviromental Action
10	Kiltarnan Parish	Solar panels and related equipment for community building	€ 20,000	Community Energy
11	St Patrick's Parish	LED lighting upgrade community building	€ 9,140	Community Energy
12	Sandyford Downes Residents Association	Materials for community garden bed	€ 1,490	Food and Waste, Local Climate and Enviromental Action
Medium Projects				
13	Meadowvale Tennis Club	Solar panels and batteries for community tennis club.	€ 22,000	Community Energy
14	The Bike Hub	Community cargo bike club	€ 50,000	Travel
15	Blackrock Community Men's Shed	Community garden to complement the shed's own garden and installation of solar panels on shed.	€ 34,100	Community Energy, Food and Waste, Local Climate and Enviromental Action
16	Shanganagh Community Gardens	Materials for community garden, tool library and installation of solar panels.	€ 27,915	Community Energy, Food and Waste, Shopping and Recycling, Local Climate and Enviromental Action
17	Airfield Estate	Community Energy efficiency upgrades and materials for community garden.	€ 27,231	Community Energy, Food and Waste,Local Climate and Enviromental Action
18	Wayside Celtic FC	Solar panels installation on club house.	€ 28,519	Community Energy
19	Dalkey Parish	Our Lady's Hall Parish Centre Upgrade 2024	€ 31,972	Community Energy, Food and Waste,Local Climate and Enviromental Action
20	Shankill Old Folks Association	Solar panels and related equipment for adult day care centre	€ 20,500	Community Energy
21	Ballybrack Project Centre	Solar panels and heat pump for community building.	€ 43,770	Community Energy
22	Dublin Society of Model and Experimental Engineers (DSMEE)	Solar panels installation on club house.	€ 25,824	Community Energy
23	Stillorgan Rathfarnham RFC	Solar panels installation on club house.	€ 25,194	Community Energy
Large Projects				
24	Dundrum Methodist Church	Solar panels and Community Energy upgrades for community church building. Eco-garden and bike shelter.	€ 78,869	Community Energy,Travel, Food and Waste, Local climate and
25	Shanganagh Park House and Stonebridge CC	Shanganagh Park House Community Energy upgrades and children's garden planters and bike rack. Stonebridge CC Community Energy upgrades and solar panels.	€ 86,333	Community Energy, Travel, Food and Waste, Local climate and Environmental Action
26	St. Anne's Parish Shankill	St. Anne's Resource Centre Community Energy Upgrade	€ 97,958	Community Energy
27	Naomh Olaf GAA	Solar panels on clubhouse, dry urinals	€ 96,090	Community Energy, Travel, Food and Waste, Local climate and Environmental Action
28	Ski Club of Ireland, CLG	LED Floodlighting for the Ski Club of Ireland	€ 80,000	Community Energy

Fingal Applications Granted Funding under Strand 1/strand 1a of the Community Climate Action Programme				Strand 1 Allocation €1,127,000
	Group Name	Project Overview	Funding Allocation	Theme(s)
Small Projects				
1	Donabate Portrane Community Centre	LED lights,bicycle lockers and repair station, sewing machines, clothes rails, reusable cups, gardening	€15,215.60	Community Energy, Travel, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
2	Kinsealy United	Solar PV panels for internal lighting, 2 gazebos for kit swap events, tree planting in local park, tools for tree planting, bike repair stand and Reusable sports bottles for Reuse campaign	€8,051.37	Community Energy,Travel, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
3	Turvey Allotments	PV Panels for charging of gardening tools, Industrial bulk containers for storing harvested rainwater, Reusable Seed Trays and compostable seed trays, water butts for rainwater harvesting	€11,160.18	Community Energy, Shopping and Recycling, Local Climate and Environmental Action
Medium Projects				
4	Balbriggan Golf Club	Solar PV to address the Community Energy needs of the golf club	€31,000.00	Community Energy
5	Castleknock GAA	Solar PV, A New Bike Repair station for the club, and a tree planting and gardening project for pollinators	€39,079.00	Community Energy
6	Coolmine Therapeutic Centre	Solar PV, bike rack, rainwater harvestor, composting project	€39,788.24	Community Energy,Travel, Food and Waste, Local Climate and Environmental Action
7	Dogs Trust	Solar PV, biodiversity survey, tree planting and waste management	€33,070.00	Community Energy, Local Climate and Environmental Action
8	Howth Yacht Club	Solar PV & Bike EV Charging	€33,065.70	Community Energy
9	Baldoyle Community Centre	Building Renovations	€47,300.00	Community Energy
10	Sutton Dinghy Club	Roof insulation, bike repair, composter, rainwater harvesting	€33,450.20	Community Energy, Travel, Food and Waste, Local Climate and Environmental Action
11	Blakestown Mountview Youth Initiative	Install Solar PV, and upgrade lighting in the community building, install bike lockers, water butts, vegetable trugs and shrubs for pollinators	€38,900.05	Community Energy, Travel,
12	Lusk Community Network	Composters, solar panels, project delivery/ guidance & permits, bike shelter	€51,873.29	Community Energy, Travel, Food and Waste, Local Climate and Environment Action
13	Naomh Mearnog GAA	Solar PV,Bike Shelter,Trees Swap Shop	€47,309.72	Community Energy, Travel, Food and Waste, Shopping and Recycling,Local Climate and Environmental Action
14	St. Maurs GAA	Solar Panel LED lights, reusable cups, tree planting, Bike Hub	€46,020.00	Community Energy Travel, Food and Waste ,Local Climate and Environmental Action
15	Brackenstown Scout Den (164TH BRACKENSTOWN SCOUTS)	Attic/Wall insuation, doors windows, bike repair, flowers/shrubs, bird boxes, wardrobe vaccuum pack for clothes food storage reusable bottles	€33,059.68	Community Energy, Travel, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
Large Projects				
16	98th Dublin Scouting Ireland - Skerries Sea Scouts	Improvements to scouts building, solar PV, insulation, replace lighting to LEDs and change the large window to improve air	€62,197.00	Community Energy
17	Ballyboughal GFC	Install Solar PV on GAA Club building, replace old doors and windows, install bike lockers, plant shrubs, bulbs and dig a new pond in the community garden	€62,683.75	Community Energy,Local Climate and Environmental Action
18	Fingallians GAA	Solar PV, LEDs, Hall Diffraction Fans to improve heating circulation, Insulation and under sink water heaters for hot water needs, Bike shelter for club users	€53,963.02	Community Energy,Travel
19	Portmarnock Sports & Leisure Centre	Replace old windows, upgrade boiler for swimming pool, install scooter parking racks, install food waste compactor, develop community garden in arch club	€61,161.66	Community Energy, Travel, Local Climate and Environmental Action
20	Rivervalley & Rathingle Community Centre	Solar PV Panels on community building, replace old community centre doors, Bike repair station and bike lockers, waste management bin stations, Planting of native trees and shrubs and materials for swap shops	€57,642.00	Community Energy, Travel, Local Climate and Environmental Action
21	Balbriggan SEC	Solar PV on Meals on Wheels building, replace draughty door in GAA Club, LED upgrade, New water butts and bike lockers and planting for biodiversity	€56,585.41	Community Energy, Travel, Food and Waste, Local Climate and Environmental Action
22	Balrothery Group Tennis Club	Solar PVs for Tennis Club, Insulation on Community Centre, Water Refill Stations, Bike lockers, Extend Community Garden, Planting native hedges and introduce a composting project in the community garden	€52,053.16	Community Energy,Travel, Local Climate and Environmental Action
23	Bayside Community Centre	Solar PV and LED lighting, new windows, insulation and hand dryers for Community Centre, Community Garden design, Bike Hub tools and gazebo, bike shelter, bike repair station	€54,157.97	Community Energy, Travel, Local Climate and Environmental Action
24	Millbank Theatre Rush Dramatic Society	Solar PVs on Millbank Theatre in Rush, Rechargable electric gardening tools for Tidy Towns, LED Lights, Bike repair Hub for Bike rack, Outdoor and indoor water refill stations in Rush, water butts, bee pollinator planting projects, swap shop for and Reusable Party kit	€59,585.00	Community Energy, Travel, Local Climate and Environmental Action,
25	St Brigids GAA	Insulate the clubhouse, Introduce a bike shelter and Bike Repair Stand, Plant Trees and bulbs for pollinators, eliminate single use cups in the club	€95,938.29	Community Energy, Travel, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action

Galway County Council: Applications Recommended for Funding under strand 1 of the Community Climate Action Programme				Strand 1 Allocation €762,000
	Group Name	Overview	Funding Recommendation	Theme(s)
Small Projects				
1	Brigit's Garden, Moycullen	Installation of an innovative anaerobic digester to turn all food waste from the Garden Café into biogas for cooking. Installation of a rainwater harvesting system that stores rainwater for use in the polytunnel and gardens. Electric lawnmower and strimmer	€ 13,885.00	Community Energy, Food and Waste, Local Climate and Environmental Action
2	CDS Teo Community Centre	Community garden	€ 2,350.00	Food and Waste, Local Climate and Environmental Action
3	Kinvara Tidy Towns	2 x new sets of bike racks, water refill station connection, coffee refill stations, tool loan library, biodiversity trail, 2 x Rain water barrels stand alone, 2 x composters	€ 17,254.00	Travel, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
4	Loughrea Rugby Football Club	Composting and wormery	€ 198.00	Food and Waste
5	Renville Sports Project	Bicycle Parking, Dispersed Orchard Trees in the Community, Fencing & Touchless Water Fountain	€ 13,365.00	Travel, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
6	Aran Islands Climate Action	Solar PV installation, Community Orchard/ Community growing initiative, Beach toy libraries, Water filling station	€ 17,566.00	Community Energy, Food and Waste
7	The Mall Theatre & Cinema CLG	Upgrading of facility - building fabric upgrades - repairs, insulation to attic and refurbishment	€ 10,900.00	Community Energy
8	East Galway & Midlands Cancer	Installation of Solar Panels	€ 18,160.00	Community Energy
9	Ballinderreen Community Centre - Project 1 Solar PV	Solar Panels and related equipment, Walkways or Safe Routes to Schools/ Active Travel, Cycleways or cycle parking, Community Car Pooling Scheme / Parking Spaces, Water filling stations, Recycling Initiatives and Facilities, Pollinator project & Retrofitting community buildings	€ 19,918.00	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
10	Ballinasloe Town Hall Theatre	Installation of Solar Panels	€ 17,707.00	Community Energy
11	St Gabriel's LGFA Green Club Climate	Creation of a biodiversity / stream walking trail	€ 8,000.00	Local Climate and Environmental Action
12	Abbeyknockmoy Climate Action Fund	5 x Stand Alone Water Refill Stations for installation at 4 Sports Grounds & Community	€ 3,500.00	Shopping and Recycling
13	Skehana Community Development (SCD) Sustainable Community Facility	Bike shelter, Water refill station	€ 6,667.00	Travel, Shopping and Recycling
14	Dunmore MacHales GAA - LED Lighting upgrades and attic insulation	Bike Shelter & Car Pooling signage	€ 6,694.00	Travel
15	Cortoon Lavally Development Committee	Bike repair station. Storage units for clothes and boots for swap shops. 20 x large planter boxes and living wall troughs	€ 6,815.00	Travel, Shopping and Recycling, Local Climate and Environmental Action
16	Oranmore Community Development Association	Community Cargo Bikes. Tree/Bush Planting in and around Oranmore Village	€ 12,078.00	Travel, Local Climate and Environmental Action
Medium Projects				
17	Ballygar and District Co Ltd/ Mattie McDonagh centre	Solar panels for the hall, new fridge for centre used by meals on wheels and other groups, 3 x cycle rack, Composters, 3 x ecofill water station, 8 x recycled plastic planters, 15 x apple trees, 2 x water butts	€35,034.00	Community Energy, Travel, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
18	Lackagh Museum & Community Development Assoc	Replace existing fluorescent lighting with 31 x LED office lights, 18 solar panels on rear roof of parish centre, Install a 6 space cycle rack, Install a public bike repair station, Polytunnel as part of community garden, Steel toolshed in community garden, Water refill station	€ 30,232.00	Community Energy, Travel, Food and Waste, Shopping and Recycling
19	Inishbofin Development Co Ltd	Retrofit community buildings with doors and windows, Install automatic water taps, dual flush toilets, Enhance Community Energy efficiency by fixing seals & hinges, bike racks, dune fencing, Hedging	€ 39,759.00	Community Energy, Travel, Food and Waste, Local Climate and Environmental Action
20	Sportlann Naomh Anna, Lettermore	Installation of Solar Panels	€ 35,950.00	Community Energy
21	Carnmore Hurling Club	Supply and Install 13 no LED Twin Corrosion Proof Fittings 1500mm 2 no. LED Corrosion Proof fitting, LED lights	€ 24,597.00	Community Energy
22	Amicitia Biodiversity Park	Landscaping: Accessible Pathways Z1 Ponds Flood area landscaping. Compost toilet. Raised beds. Secure shed	€ 32,000.00	Local Climate and Environmental Action
23	Comhar Chuigéal Teo (Co-operative of Quigéal)	Solar PV and battery storage will allow our community centre to generate and store our electricity and reduce the Community Energy we have to draw. Construction of community garden, native tree and plants.	€ 43,329.00	Community Energy, Local Climate and Environmental Action
24	Forbairt Chonamara Láir Teo. (Central Connemara Development Ltd., - Project 1 LED Lighting)	LED community lighting upgrade	€ 25,516.00	Community Energy
25	Ballyglunin Community Development Company	Windows, doors, insulation, infrared heater draughters. Pollinator project.	€ 31,351.00	Community Energy
26	Colga FC - Colga For Community Development (CFCD) Community Energy Efficiency Initiative	30.4kw Solar panel installation	€ 38,268.00	Community Energy
27	Cairde Mor Ltd in partnership with Claregalway GAA	Installation of 67 solar panels on community centre. Manufacture and installation of bike shelter	€ 31,570.00	Community Energy Travel
28	Comhairle Ceantar na nOileán Teo CTR	Solar panels for Hall Pobal Tír an Fhia. 4 bay bike stand comhairle ceantar and 9 bay bike stand low carbon centre casla. Paint reuse project low carbon centre Casla. Tools to establish WEEE Repair centre. Tool Library Project for Casla centre	€ 40,693.00	Community Energy, Travel, Shopping and Recycling
29	Annaghdown GAA Climate Action Programme 2024	Solar Panels and related equipment, Bike shelter	€ 23,355.00	Community Energy, Travel
30	Kilcolgan Community Development in partnership with Clarinbridge Tidy Towns and Clarinbridge community playground	2 x bicycle shelters incl groundworks, 3 x water refilling stations incl groundworks	€ 45,195.00	Travel, Shopping and Recycling
Large Projects				
31	Roundstone Development	LED lighting, solar panels, replacement of water heaters	€ 50,388.00	Community Energy
32	Maree Community Centre	Insulation works on centre's cavity walls as recommended by SEAI in their Community Energy audit, 2 x bike shelters & racks and 1 repair station (for public use). 3 x water filling stations (for public use), ground works for installation of 3 water fountains (supply mains water, supply electricity & install base)	€ 61,745.00	Community Energy Travel, Shopping and Recycling

Galway City Applications Granted Funding under Strand 1/strand 1a of the Community Climate Action Programme				Strand 1 Allocation: €557,242
	Group Name	Project Overview	Funding Allocation	Theme(s)
	Small Projects			
1	Galway City Partnership	Rooftop Vegetable garden and LED lighting retrofitting	€ 20,000	Community Energy, Food and Waste
2	Cope Galway	EV charging point at Community Catering	€ 1,760	Community Energy, Food and Waste
3	Link Galway CLG	Café Link Sustainabilty upgrade	€ 10,640	Travel, Shopping and Recycling,Food and Waste
	Medium Projects			
4	Salthill Handball club	Community Energy upgrade of Salthill Handball club Building	€ 25,500	Community Energy
5	Cancer Care West	Bedroom door card system, LED Lighting, EV charger, washing machine	€ 43,000	Community Energy,Travel
6	Westside Resource	Solar Panels	€ 21,000	Community Energy
7	St Patricks Band Hall	Solar panels, windows, eco-beading, bike racks, bird boxes, pollinator planting	€ 33,000	Community Energy, Travel, Local Climate and Environmental Action
8	Ballybane Community Centre	Provision of solar panels	€ 21,000	Community Energy
9	Renmore Development Association	Organic community Garden	€ 35,000	Food and Waste, Local Climate and Environmental Action
	Large Projects			
10	St Joseph's Community Centre Ltd	Solar panels, bike shed	€ 51,000	Community Energy, Travel
11	No.4 Youth Services	Insulation, new windows, Solar panels, electric heaters, sewing machines, herb garden	€ 64,900	Community Energy,Food and Waste, Shopping and Recycling
12	Salthill Knocknacarra GAA	Solar Panels, Bike parking	€ 51,000	Community Energy, Travel
13	1st Port of Galway Sea Scouts	Solar panels, LED lighting, hedge planting, tree planting, bike shelter, bike repair station, water butts	€ 56,090	Community Energy Travel, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
	Strand 1a Project			
1	Tuatha of Terryland Forest Park, Galway City and Friends of Little woods, Co. Fermanagh	Develop a native Tree Nursery, a Heritage Orchard and Willow Tree farm and native hedgerow. Friends of little woods- Purchase 1 hectare of land and create a mini wet woodland and a native plant nursery.	€ 23,980	Food, Local Climate and Environmental Action
2	ARD Family resource Centre, Doughiska, Galway City and ARC Healthy Living Centre, Irvinestown, Co. Fermanagh	Galway City-Solar panels, at the Cumasú Centre with native tree planting in the grounds. Irvinestown-Solar panels, Retrofit storage capacity for bio-mass pellet boiler system, Cycle rack and enclosure, Polytunnel Recover and additional planting to the rewilding area.	€ 90,372	Community Energy,Travel, Food and Waste, Local Climate and Environmental Action

Kerry Applications Granted Funding under Strand 1/strand 1a of the Community Climate Action Programme				Strand 1 Allocation: €663,000
	Group Name	Project Overview	Funding Allocation	Theme(s)
Small Projects				
1	Sneem Development Co-op/Sneem TidyTowns	12 bicycle stands, Bicycle repair station, Solar powered generator, 4 x exterior doors, Attic insulation	€17,087.16	Community Energy,Travel, Shopping and Recycling
2	Kenmare Tidy Towns	2 x Solar bins	€7,503.00	Shopping and Recycling
3	Dingle food Festival	Containers, sporks and wine tumblers	€15,000.00	Food and Waste, Shopping and Recycling
4	Non-Faction Arts	Portable High-Capacity Battery & Solar System, Low Power Audio System	€4,400.00	Community Energy
5	Ballyduff Tidy Towns	Weedhex, Additional replacement brushes x 12	€2,398.52	Local Climate and Environmental Action
6	Comhlacht Forbartha an Ghleanna	Solar panels	€9,680.00	Community Energy
7	Banna Community Rescue Boats Ireland	Photovoltaic Array and Ancillary Equipment	€17,300.00	Community Energy
8	Lixnaw Development Association	2 bike racks, 3 Bottle and can recycling bins, Trees, 10 boxes of wildflowers seeds, 4 rolls of Windbreak Netting	€1,000.00	Travel, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
9	Tureencahill Community Group	Installation of solar panels	€ 16,850	Community Energy
10	Maharees Conservation Association CLG	600x 5ft rough posts, 7m x 11m heavy duty tarpaulin x 2	€2,590.00	Local Climate and Environmental Action
11	Cahersiveen Tidy Towns	Rotating Composters Large x4, Rainwater Collection Butts x2, Solar bins	€7,859.50	Community Energy, Food and Waste, Shopping and Recycling
12	Beaufort GAA Club	Solar panels, inverter, mounting system, cabling.	€ 15,000	Community Energy
Medium Projects				
13	Torc Community & Family Resource Centre	Solar Panel array installation, Mirco Forest	€ 42,575.00	Community Energy, Local Climate and Environmental Action
14	Asdee Community Development Association	Solar panel installation, Pollinators plants, Community garden - vegetables & baskets, Watering system for polytunnel, Foot pump for water station, Waterbutts, Contingency	€ 31,735.00	Community Energy, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
15	Coiste Forbartha na Sceilge / Ballinskelligs Tidy Towns	Solar panels, Trees, shrubs, bulbs, Bike racks, Rainwater harvesting system	€31,500.00	Community Energy,Travel, Food and Waste,Local Climate and Environmental Action
16	Killarney Innovation Centre	Biodiversity enhancement planting project, Roof Top PV solar project	€26,109.00	Community Energy, Local Climate and Environmental
17	ACARD	Part funded - Solar Panels	€ 20,000.00	Community Energy
18	Castlegregory Community Council	Complete solar system installation inc batteries	€ 21,477.00	Community Energy
19	Fenit Coast Conservation	Variety of wooden posts, Chesnut Fencing, Machinery Hire, Labour	€ 30,000.00	Local Climate and Environmental Action
20	Ballyheigue Social Economy Enterprises CLG	Building Insulation, Lighting retrofitting	€ 20,000.00	Community Energy
21	SPA Gaa	Part fund the Solar PV generation system	€ 30,989.00	Community Energy
22	An Diseart	Installation of 36 solar panels, Inverters, Mounting Unit	€ 33,052.00	Community Energy
23	St Brendans Park FC	Solar PV Panels and Battery, Insulation	€ 36,726.00	Community Energy
24	Listowel Tidy Towns	Low carbon Lighting in Listowel Town Park	€ 42,000.00	Community Energy
Large Projects				
25	Knocknagoshel Community Centre	Solar PV, Native Irish trees and shrubs Part funded: Battery Storage	€ 60,000	Community Energy, Local Climate and Environmental
26	Tralee Tidy Towns	Solar PV - Moyderwell, Solar PV - Ragoonane, Solar PV and Hot water diverter, ESB connections for Ragoonane and Marian Park, Updated Composting Systems X 3 Allotment sites, Tree Nursery Set-up Ragoonane, Raised beds for wheelchair users X 3 allotments, Worm Tray Composter X3 Allotments, Tumbler Composter X 3 Allotments, Heated Propagator with lights X 2 Allotments, Earth Auger (electric), Shed Insulated (Installed). Part funded - Bike Shelters with sheffield hoops X 3 allotments	€60,000.00	Community Energy Travel, Food and Waste, Local Climate and Environmental Action
27	Ballylongford Enterprise Association	Solar Panels, Solar bins.	€57,093.10	Community Energy
Strand 1a Project				
1	Brosna GAA & Eire Óg	Brosna GAA: Solar PV System: Eire Óg: Installation of PV System:	€ 72,383	Community Energy

Kilkenny Applications Granted Funding under Strand 1/strand 1a of the Community Climate Action Programme				Strand 1 Allocation: €511,000

Small Projects				
1	Paulstown Development Association	63 No Internal & External Lighting Water Butt	€13,000	Community Energy, Shopping and Recycling
2	Coolagh Pattern Committee	Biodiversity & Edible Garden Space, Heritage Apple Trees Hazel Cobs & Fruit bushes Garden bench	€1,800	Food and Waste, Local Climate and Environmetal Action
3	Castlecomer Enterprise Group	Replace Storage Heaters, Upgrade internal Lighting, Attic Insulation	€13,000	Community Energy
4	Callan Community Energy	Mobile solar powered trailer	€3,000	Energy
5	Piltown AFC	Hedging Bike Stand	€4,600	Travel, Local Climate and Environmental Action
6	Happe House and Millenium Court	Polytunnel-installation only, Vegetable & herb planters & raised beds, Composters & compost for beds Bee friendly corridor & edible hedge & waterbutts	€7,500	Local Climate and Environmental Action
7	TCAT - Three-fold Community Asset Trust (Westcourt)	Polytunnel	€4,200	Food and Waste, Local Climate and Environmetal Action
8	Thomastown Community Allotments	Framing of beds , Plants for herb beds , Workbench & pergola Biodiversity area plants and prep of area	€3,200	Food and Waste, Local Climate and Environmetal Action
9	Inistioge Tidy Towns	Water Filling Station	€2,800	Shopping and Recycling
10	Iverk Agricultural Show	Upgrade Storage Heaters, Internal Lighting, rainwater Harvesting	€20,000	Energy, Shopping and Recycling
11	Hugginstown & District Community Centre	Lighting upgrade	€5,000	Energy
12	Kilkenny Walking & Cycling Campaign	Bikes & Helmets	€5,000	Travel
Medium Projects				
13	Stoneyford's Development Association	Retrofit Works – Lighting and sensors; building Insulation, heating system upgrade, Radiator TRV's and timelocks,2 No external Doors; Undersink heaters;4 Thermal and FR Blinds,Balance bikes & helmets Bike Stands and repair station Pollinator Planting	€45,000	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
14	Lisdowney Community Centre and GAA Club	61 No LED Lighting ,13 No Windows & Doors,Water refill station, Bike Rack ,Hedgerow & bulb planting,Creation of 2.5 acre Meadow ,Bees and Butterfly Bulbs	€26,000	Community Energy, Travel, Local Climate and Environmental Action
15	Tullaroan Development Association	Solar PV,Flood lighting Upgrade to LED Pollinator planting - Wildflowers 1kg mix.Water Butts	€42,000	Community Energy, Local Climate and Environmental Action, Shopping and Recycling
16	Tullahought Community Development Group	Ceiling Insulation Works ,Windows ,Compost Bin	€25,000	Community Energy, Local Climate and Environmental Action, Travel Food and Waste
17	Graignamanagh Hall	Solar PV,EV Charging Point	€25,000	Community Energy, Travel
18	Kilmacow Community Centre CLG	15 kW Solar System Heating System upgrade	€46,300	Energy
19	Windgap GAA	Pollinator planting and GAA, Bike repair station, Solar Panels, Water Refill Station	€21,700	Travel, Community Energy, Shopping and Recycling, Local Climate and Environmental Action
Large Projects				
20	Ballyfoyle Development Group	Insulation Ceiling/Wall/Floor & Lighting Upgrade Heat Pump Heating System,Bike Stands & repair Station Water Refill station,Wayfinder Map Rainwater Harvesting,Allotment Works, Bin/Tool Shed, segregated bins for Recycling,perennials, bulbs garden seat, trees & hedging	€83,700	Community Energy, Travel, Shopping and Recycling, Food and Waste,Local Climate and Environmental Action
21	Mullinavat Community Group	Solar System & 2 No EV Charging points LED Lighting Upgrade Water refill station x 2,Bicycle Rack Nature Reserve	€59,300	Community Energy, Travel, Shopping and Recycling,Climate and Environmental Action
22	Urlingford Town Team CLG	10kW Solar Panels & Battery System (the Hub & GAA) Bike Rack (GAA/Community Centre/Hub) Indoor Water Fountains (GAA/Hub/Community Centre)	€53,900	Community Energy, Travel, Shopping and Recycling, Food and Waste

Kildare County Council Applications Granted Funding under Strand 1/strand 1a of the Community Climate Action Programme				Strand 1 Allocation: €897,000
	Project	Brief Description of project	Funding Allocation	Theme(s)
Small Projects				
1	The Elms Residents Association, Newbridge	Biodiversity projects in housing estate	€10,044.00	Local Climate and Environmental Action
2	Anne St. Residents Association, Prosperous	Waste reduction and biodiversity measures in housing estate	€11,021.00	Community Energy, Shopping and Recycling, Local Climate and Environmental Action
3	Rathmore Hall, Youth and Community Development Association	Wall insulation for community building	€8,461.25	Community Energy
4	Kilcullen Sheltered Housing	Attic and wall insulation for housing project	€12,121.82	Community Energy
5	Robertstown GFC	PV solar panels for sports facility	€12,115.00	Community Energy
6	Nurney GAA Club	Solar lighting for walking track in sports facility	€18,000.00	Community Energy
7	23rd Kildare (Sallins) Scout Group	PV solar panels for community building	€19,500.00	Community Energy
8	Kilcullen Tennis Club	PV solar panels for sports facility	€11,758.60	Community Energy
Medium Projects				
9	The ACRE Project, Celbridge	PV solar panels, cycle parking for environmental community group	€28,282.95	Community Energy. Travel, Shopping, Local Climate and Environmental Action
10	Ballymore Eustace Community Trust	PV solar panels, Lighting retrofit, swift nest boxes and other biodiversity measures for community building	€33,933.84	Community Energy, Local Climate and Environmental Action
11	8th Kildare (Maynooth) Scout group	PV solar panels for community building in Kildare Decarbonising Zone	€27,865.00	Community Energy
12	Athy Community Family Resource Centre	PV solar panels, wall and attic insulation for community building	€31,843.51	Community Energy
13	Kilteel Community Hall	PV solar panels, door and window replacement, attic and wall insulation in community building	€47,506.56	Community Energy
14	Maynooth Community Church	PV solar panels for community building in Kildare Decarbonising Zone	€36,717.25	Community Energy
15	Suncroft Community Development CLG	PV solar panels and LED lighting retrofit	€31,716.80	Community Energy
16	Leixlip Youth Premises Group CLG	PV solar panels in community building	€28,792.00	Community Energy
17	Athy Gaelic Football Club	PV solar panels for sports facility	€22,728.85	Community Energy
18	Cill Dara RFC	PV solar panels for sports facility	€39,763.59	Community Energy
Large Projects				
19	The Blessed John Sullivan Community Garden, trading as 'The Old Garden', Clane	PV solar panels, solar water pump, polytunnels and biodiversity measures for environmental community group	€99,779.00	Community Energy, Food and Waste, Local Climate and Environmental Action
20	Newbridge Family Resource Centre	PV solar panels, cycle parking and repair station for community building	€58,192.52	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
21	Ballymore Eustace Community Development Association & Sustainable Community Energy Community	PV solar panels, LED lighting retrofit, swift nest boxes and other biodiversity measures for Sustainable Community Energy Community building	€52,585.00	Community Energy, Local Climate and Environmental Action
22	Kildangan GAA Club	PV solar panels, door and window replacement, LED lighting retrofit, cycle parking & water refill station for sports facility	€73,634.48	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
23	Caragh GFC	PV solar panels, low Community Energy space and water heating retrofit for sports facility	€98,243.55	Community Energy, Travel
24	Kildare Town AFC	LED floodlighting retrofit for sports facility	€79,000.00	Community Energy, Local Climate and Environmental Action

Laois Applications Granted Funding under Strand 1/strand 1a of the Community Climate Action Programme				Strand 1 Allocation €465,000
	Group Name	Project Overview	Funding Allocation	Theme(s)
Small Projects				
1	Abbeyleix Community Garden	Installation of rain-water harvesting system with gravity fed irrigation for Community Garden Garden	€6,000.00	Local Climate and Environmental Action, Food and Waste
2	Camross Community Association	Completing Community Hall retrofit with roof insulation and installation of LED lighting.	€19,908.63	Community Energy
3	Heath GAA Club	Insulation of walls, ceilings and replacement of doors, Window replacements, Biodiversity planting	€73,822.50	Community Energy
4	St. Abbans Athletic Club	Supply and installation of webapp hardware for the control of lighting etc in club. With the installation of 'pay as you go' web app metering for lighting, both indoors and outdoors and showers, reducing Community Energy consumption, water useage and changing behaviour.	€2,399.00	Community Energy
5	Mountmellick Men's Shed	Installation of PV Solar thus completing the retrofit of Mountmellick Mens Shed.	€7,358.00	Community Energy
6	Mountrath Community Forum	Installation of a Bike Stop in a prominent site in Mountrath town centre, hosting a bike repair station with bike parking all under a weather proof shelter. A resource to be used by passing cyclists and also by local groups hosting bike repair sessions to share knowledge on maintenance and repair e.g. scouts group.	€6,844.64	Travel
7	Mountrath Tidy Towns	Installation of a fully accessible dry toilet system including wormery, giving a practical demonstration of sustainable practices. Promoting water conservation with off sewage system solution to sanitation services, with the addition of nutrient recycling and full accessibility.	€15,515.45	Food and Waste, Local Climate and Environmental Action
8	O'Dempseys GFC	Full LED retrofit of all 53 light fixtures in clubhouse, as recommended in club Community Energy audit by Codex in 2022.	€7,696.00	Community Energy
9	Portlaoise Laois Teachers' Climate Action Committee	Fit out of existing Polytunnel with professionally designed fully accessible planting areas and rain water harvested irrigation system. This polytunnel and it's systems will be a demonstration available throughout County Laois to potentially 150 primary schools and 30 post-primary schools and 100's of teachers availing of Continous Professional Development in the area of Climate Action.	€6,651.00	Local Climate and Environmental Action, Food and Waste
Medium Projects				
10	Abbeyleix Park Development Committee	Accessing renewable Community Energy with installation of PV Solar and enhancing efficiency with smart sensors and smart controls for heating systems furthering the implementation of the Smart Plan for Fr Breen Park (2023). Installation of segregated waste bins and bike parking as recommended in Fr Breen Park Greening Studies Report (2024).	€49,858.48	Community Energy, Travel
11	Cloonad GAA Club	1. PV Solar 2. LED lighting 3. Biodiversity friendly planting and weed control and seeds 4. Portable open cabinet gear swap. Continuing their GAA Green Club development with installation of PV Solar and retrofit of clubhouse with LED lighting. Biodiversity friendly planting, weed control and seeds. To support the circular economy a portable open cabinet for attractive and efficient display for club gear swaps.	€33,381.50	Community Energy, Shopping and Recycling, Local Climate and Environmental Action
12	Laois Federation of Tidy Towns	Green Your Festival Kit - to be lent out to small festivals in throughout Laois in support of their efforts to become sustainable events. The kit will contain equipment including solar charging battery pack (to replace traditional diesel generators). It will reduce waste generated at festivals with reusable pint cups (to replace single use depositables) and mobile water refill units (to reduce single use plastics).	€53,351.55	Community Energy, Shopping and Recycling
13	Portarlinton Business Association CLG	A community bike library where people can borrow from a range of electric bikes, suiting various needs. The lending period is for several months so people can trial a viable alternative to car use for their shorter, more local journeys with a view to purchasing their own e-bike if they find it beneficial.	€31,621.00	Travel
14	Rathdowney Vision Ltd	1. PV Solar 2. Bike repair 3. bike parking 4. water butt 5. rotating composting bin. Rathdowney Vision for a Sustainable Community - installation of PV Solar (the Community Energy usage from tools in Mens Shed from this renewable Community Energy source will reduce GHG emissions). The Bike Stop with bike repair station and bike parking will be open to public and used by Mens Shed to host bike maintenance and repair sessions. For the existing community garden the installation of a rainwater harvesting butt and rotating composting bin will increase sustainability of gardening processes.	€11,412.47	Community Energy, Travel, Food and Waste
Large Projects				
15	Ballyroan Community Development CLG	Old Boys schools building retrofit for use as community facility with Bike Stop in original bike shelter of school hosting parking and repair station. <u>Compost Bins on site and throughout village for plant cuttings.</u>	€79,033.59	Community Energy, Travel, Food and Waste
16	Portlaoise Tidy Towns	1. Peoples Parklet with integrated bike parking 2. raingarden 3. mobile water refill unit for parklet. Greening Lyster Square will see a Peoples Parklet or a "mini park" built by Portlaoise Mens Shed installed. This Parklet will combine seating, rain garden biodiversity planting, a water refill station and bike parking. It will offer a greener experience of the square as an open, public space inviting residents and passers-by to pause, fostering a sense of place, community and natural environment.	€60,391.00	Travel, Shopping and Recycling, Local Climate and Environmental Action

Leitrim Applications Granted Funding under Strand 1/strand 1a of the Community Climate Action Programme				Strand 1 Allocation: €300,000
	Group Name	Project Overview	Funding Allocation	Theme(s)
Small Projects				
1	Bornacoola GAA Club	Solar panels, bike racks, and LED lighting	€17,933.51	Community Energy, Travel
2	Carrick Rowing Club	LED Lighting, electric motors for boats	€19,998.39	Community Energy, Travel
3	Cloone GAA	LED Lighting	€4,400	Community Energy
4	Drumreilly Community Centre	Solar Panels	€11,360	Community Energy
5	Fenagh Development Company	Bike racks	€11,709.60	Travel
6	Killenummery & Killery Areas Development Association (KKADA)	Solar Panels	€16,800.00	Community Energy
7	Saint Patrick's Hall Committee, Carrigallen	EV Charge Point	€7,309	Community Energy, Travel
8	The Glen Centre	Insulation Retrofit	€3,518.50	Community Energy
Medium Projects				
9	Leitrim Village Development	Solar Panels	€22,014.22	Community Energy

	Group Name	Project Overview	Funding Allocation	Theme(s)
Small Projects				
1	Clogherhead Development Group	Purchase two bike racks for their community groups premises which will hold up to 10 bikes to encourage active travel.	€ 1,124.19	Travel
2	O' Rallaigh's GFC	Install solar panels on the roof of their clubhouse in order to improve Community Energy efficiency and create an improved carbon footprint for their community group	€ 20,000	Community Energy
3	Omeath District Development	Upgrade lighting within the Dolmen Centre in Omeath to LED Lighting as part of an Community Energy upgrade / retrofit.	€ 4,100	Community Energy
4	Drogheda Alzheimer's Tredagh Lodge Daycare Centre	Purchase and install solar panles and a battery to increase Community Energy efficiency in their Drogheda Daycare centre.	€ 19,976	Community Energy
5	Naomh Mairtin C.P.G / LGFA (GAA)	Carry out works in their clubhouse by installing infared heating panels to heat their community room, hall and small meeting room to improve and increase Community Energy efficiency. The community group has also received funding under the Community Climate Action Fund to plant a community garden and pollinator area within their clubs grounds. Naomh Mairtin have recieved funding to also install a rainwater harvesting system for their club's toilets within their club grounds under the Community Climate Action Fund.	€ 19,938	Community Energy,Local Climate and Environmental Action
6	Dundalk Schoolboys League	Purchase materials to upgrade exisiting halide floodlighting on their pitch and replace with LED lighting to increase Community Energy efficiency.	€ 13,421	Community Energy
7	Tallanstown Tidy Towns	Plant shrubs and pollinators in a community garden to increase and encourage biodiversity and also plant a selection of fruit trees and fruit bushes, a selection of the shrubs and pollinators will also be planted in the village to help promote and encourage members of the community to increase awareness and replicate such projects.	€ 1,700	Local Climate and Environmental Action
8	Naomh Fionnbara & St. Anne's GFC	Upgrade their community groups grounds by upgrading to LED lighting	€ 14,780	Community Energy
9	Scoraíocht Lann Léire	Upgrade their community groups building with new and improved Community Energy efficient radiators to prevent heat loss throughout the building. The community group have also recieved funding to upgrade their current lighting on the exterior of the building with LED Lighting under the Community Climate Action Fund.	€ 3,952.10	Community Energy
10	Muirhevnamor Community Gardens	Purchase and install two polytunnels within their community grounds to produce locally grown organic food. They have also received funding towards developing an orchard to plant and grow berries, they will water the plants and pollinators through the use of a solar panel / battery.	€ 5,908.47	Local Climate and Environmental Action
11	St. Brides GFC	Install solar panels on the community groups clubhouse to increase Community Energy. St. Brides GFC have also received grant funding to purchase a number of recycling bins to encourage recycling and reduce single use plastics within their clubs grounds. St. Brides GFC will also purchase two Swift boxes under the Community Climate Action Fund to provide a space/habitat for endangered species such as the Swift bird.	€ 18,940.70	Community Energy, Shopping and Recycling, Local Climate and Environmental Action
12	Outcomers Dundalk	Install solar panels on their community groups premises to help reduce their carbon footprint and increase Community Energy efficiency.	€ 15,950.00	Community Energy
13	Carlingford Community Development Company LTD	Upgrade their seven outdoor lights on their clubs walking track to LED and eight lights on the clubs walking track to LED, eight lamps will illuminate the walkway entrance and six lights will illuminate the walkway entrance into the Foy Centre.	€ 12,000.00	Community Energy
Medium Projects				
14	Cooley Kickams	Install solar panels on their community groups club house increase Community Energy efficiency throughout the club, Cooley Kickams will use this money in conjunction with a 10% grant from SEAI to cover the total cost of the solar panels, meaning that the Community Climate Action Fund will cover 90% of the overall project.	€ 34,409	Community Energy
15	Geraldines GFC	Purchase of solar panels and upgrading their community groups premises with LED lighting to increase Community Energy.	€ 41,000	Community Energy
16	Kilcurry	Kilcurry Community Centre have received funnding to carry out a project under the Community Climate Action Fund. Kilcurry Community Centre has received fundig to purchase and install the following: Solar PV, Sensor Lighting, Bike Repair Station and Bike Rack, Water Refill Station and 6 Raised Beds for Community Planting and Pollinators.	€ 27,838.75	Community Energy, Travel, Food and Waste, Local Climate and Environmental Action
Large Projects				
17	Drogheda Women and Children's Refuge Centre	Carry out a retrofit within the community groups premises by installing solar panels on their community building to help reduce the carbon footprint of their building and improve Community Energy efficiency.	€ 54,222.85	Community Energy
18	Drogheda Town F.C	Upgrade their current outdoor floodlights to LED, they are currently ran off a diesel generator, upgrading their current halide floodlight system will create an improved carbon footprint and increase Community Energy efficiency within the club.	€ 77,900.72	Community Energy
19	Dromiskin Tidy Towns	Carry out a Sustainable Urban Drainage System (SUDS) project in Dromiskin County Louth.	€ 63,700	Local Climate and Environmental Action
20	Drogheda Community Services	Carry out an Community Energy efficiency building upgrade to their premises to include retrofitting the building with LED Lighting and installing solar PV panels to increase Community Energy efficiency within the community groups premises.	€ 62,762.09	Community Energy
21	Louth Youth Federation T/A Youth Work Ireland Louth	Carry out a building retrofit on Rowan Heights South Side Community Youth Project (CYP). Including attic and wall insulation, air to water heat pump and door and window insulation. PV panel insulation and lighting, along with the purchase of a bike stand to encourage active travel to and from the community groups premises.	€ 87,973.25	Community Energy

Mayo Applications Granted Funding under Strand 1/strand 1a of the Community Climate Action Programme				Strand 1 Allocation €609,000
	Group Name	Project Overview	Funding Allocation	
Small Projects				
1	Achill Community Gardening Club	Purchase of materials and shed to develop their community garden and installation of a rainwater harvesting system.	€ 7,970.00	Local Climate and Environmental Action, Food and Waste
2	Bangor Erris Tidy towns	Develop a biodiversity/bee trail along the riverside walk, while revitalising the existing riverside habitat.	€2,384.00	Local Climate and Environmental Action
3	Burrishoole Community Partnership Ltd	Installation of solar PV array on the community centres roof and the installation of a 5kW battery system.	€16,230.00	Community Energy
4	Kilcommon GAA Community Development Ltd	Installation of Solar PV Roof mounted system. Installation of bike racks. Setting up recycling zones. Setting up a composter on-site to link it with organic waste bin and develop circular process. Setting up a football boot reuse scheme. Planting of community orchard on-site.	€19,365.16	Community Energy,Travel, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
5	Louisburgh Area Men's Shed CLG	Wall and attic insulation of the Men's Shed building.	€4,898.21	Community Energy
6	River Moy Search and Rescue	Planting of native Irish and pollinating trees	€4,999.00	Local Climate and Environmental Action
Medium Projects				
7	Ballyhaunis Community Council Clg	Installation Of Solar Panels on community hall. Purchase of a Polytunnel. Seed capital for Bike Repair Shop	€ 50,000	Community Energy,Travel, Food and Waste
8	Castlebar Tidy Towns	The purchase of Foamstream Machine plus Foam ingredients to reduce the use of herbicides and chemicals.	€30,184.20	Local Climate and Environmental Action
9	Killala Community Council Newstart CLG	Installation of solar array, battery system and LED lighting retrofit.	€50,000.00	Community Energy
10	Kilmaine Community Recreational Trust	LED retrofit of community pitch lighting.	€49,928.65	Community Energy
11	Kiltimagh Amenity Park CLG	Purchase items that will attract animal life to the park specifically birds, bats & hedgehogs.Purchase of a variety of native Irish tree species and the creation of a natural boundary with native hedge species. Planting of a variety of fruit trees and the instillation of wild bee hives. Installation of bicycle parking. Development of a community garden. Installation of a small bridge made from recycled materials to allow safe access to the already established outdoor classroom.	€47,359.04	Local Climate and Environmental Action, Food and Waste, Travel, Shopping and Recycling
12	Kiltimagh Knock Utd Soccer Club CLG	Building Insulation for club house. LED retrofit of Astro Lights and installation of solar PV. Installation of rainwater harvesting system.	€50,000.00	Community Energy
Large Projects				
13	Ballyheane Community Sports Club	Installation of Solar PV array on the community centre with battery storage in an adjoining store. Installation of an electric vehicle charging point.	€73,868.00	Community Energy
14	Castlebar Mitchels GAA Club	Installation of heat pumps in the sports facility. Installation of Community Energy efficient external LED lighting on the GAA pitches.	€72,412.00	Community Energy
15	Inishturk Community Club CLG	Community Energy retrofit of the community centre, and establishing a food composting and growing initiative on the island.	€95,343.33	Community Energy,Food and Waste, Local Climate and Environmental Action
Strand 1a Project				
1	CLG Thuar Mhic Éadaigh & Derry City & Strabane District Council	Cycle Park Development: Construction & upkeep of the park, bike parking facilities, & a repair centre.Waste Management System & Community Biodiversity: Investment in sustainable ecofriendly Bins, Recycling Facilities, Flower Boxes, picnic bench, Bird Houses and Bug Hotels.Partner Organisation:1. LED Lighting retrofit of leisure centre.2. Planting on leisure centre grounds.	€ 36,210	Community Energy,Travel, Shopping and Recycling, Local Climate and Environmental Action

24	Trim Family Resource Centre	Retrofit to include, Air to Water Heating system ,windows/doors, Cavity Wall & Attic, Solar Panels & Led Lights. Bike Stand	€100,000.00	Community Energy, Travel
25	Dunshaughlin Community Centre CLG	Solar Panels	€58,713.05	Community Energy

Monaghan Applications Granted Funding under Strand 1/strand 1a of the Community Climate Action Programme				Strand 1 Allocation: €392,000
	Group Name	Project Overview	Funding Allocation	Theme(s)
Small Projects				
1	Glaslough Development Association	The group is planning on installing a 11kWp solar panel system for community centre. The group is also planning on planting native hedging, bee/ butterfly garden mix of perennials and shrubs, climbing plants, mixed fruit trees and copper beech plants.	€19,305.00	Community Energy, Local Climate and Environmental Action
2	Castleblayney Faughs GAA	The group plan to install a safe bike rack storage and bike repair station. The group plan to plant a dispersed orchard, native hedging, and install swift boxes.	€9,117.00	Travel, Local Climate and Environmental Action
3	Aughnamullen GAA Club	The group is planning on planting native hedging, planting small native pocket forest, planting low growing wildflower mix	€19,863.00	Local Climate and Environmental Action
4	Cuan Mhuire CLG Ballybay	The group is planning on installing a solar panel system, along with a battery. They also plan on installing compost bins.	€18,012.00	Community Energy, Local Climate and Environmental Action
Medium Projects				
6	Doohamlet GFC	The group plan to install solar panel system along with a battery. The group also plans on installing a bike rack and recycling bottle bank.	€23,945.00	Community Energy, Travel, Shopping and Recycling
7	Monaghan Tidy Towns	The group plans to plant 8 pocket forests around Monaghan town.	€49,580.00	Local Climate and Environmental Action, Food and Waste
8	Eire Og GAA	The group plan to install a solar panel system, hot water tanks and attic insulation to the building. The group also plan to install bike racks, water refill station and carryout biodiversity planting.	€47,272.00	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
9	Lisdoonan Recreational & Development Association CLG	The group plan to install a 20kWp solar panel system along with the installation of a bike rack and planting an edible and biodiversity garden.	€35,645.00	Community Energy, Travel, Food and Waste, Local Climate and
10	Cremartin GFC, Cremartin Community Group	The group plan to intall 2 electric heat pumps, LED lighting upgrades along with a solar panel system. The group plans also to install recycling bins and a water refill station along with planting native trees	€43,620.00	Community Energy, Local Climate and Environmental Action
Large Projects				
12	Gaeil Triucha CLG	The group plan to install a solar panel system with battery storage. The group also plan to install water refill stations and rainwater harvesting on site, along with planting trees and hedging. The group also plans to plant shrubs to develop an eco-sensory garden.	€72,865.00	Community Energy, Travel, Food and Waste, Local Climate and Environmental Action, Shopping and Recycling
13	Clontibret O'Neills GAA club	The group plan to install a 25.8kWp solar panel system along with a storage battery. The group also plans to install bike racks and a water refill station. Finally, the groups plans to plant a pollinator garden, dispersed orchard and mini forest.	€52,776.00	Community Energy, Travel, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
Strand 1a Project				
1	Castleblayney Boxing Club & Gilford Amateur Boxing Club	Both groups plan to install solar panels and battery storage.	€19,938.64	Community Energy
2	Killeevan Sarsfields GAA & Newtownbutler GFC	Both community groups plan to install solar panels, along with LED lighting upgrades on the grounds of each club.	€44,399.42	Community Energy
3	Monaghan Rugby Football Club & Omagh Academicals Rugby Football Club	The group in County Monaghan plan to install a 20kWp solar panel system, along with installing insulation, a bike rack, composting unit and planting a pollinator garden. The NI partner groups plan to upgrade their lighting to LED lighting.	€93,638.00	Community Energy, Travel, Food Local Climate and Environmental Action
4	Scotstown GAA & Roslea Shamrocks GFC	The group in County Monaghan plan to upgrade their lighting to LED lighting along with installing external doors to increase Community Energy efficiency. The NI partner plans to install Community Energy efficient windows and doors along with a bike rack	€98,970.00	Community Energy, Travel
5	Monaghan Harps GAA Club & Aghadrumsee GAC	The group in County Monaghan plan to install Community Energy efficient windows and doors. The NI partner plan to install low level LED lighting for their walking track, both groups plan to install bike repair stations at the clubs.	€80,592.00	Community Energy, Travel
6	Castleblayney Community Enterprise CLG & Armagh City, Banbridge & Craigavon Borough Council	The group in County Monaghan plan to install solar panels and cavity wall insulation on their building. The NI partner plans to install bike racks and water refill stations. They also plan to extend a community garden.	€60,342.00	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action

18	Keash Community Hall Committee	Upgrade windows and doors, install insulation	€ 25,641.00	Community Energy
19	Teeling Centre	Install solar PV	€ 23,695.00	Community Energy
20	Sligo Tidy Towns	Pollinator planting and landscaping	€ 22,689.00	Local Climate and Environmental Action
21	Geevagh Community Shed C/O Community of Lough Arrow Social Project CLG	Attic and wall insulation, LED lighting upgrade, install solar PV, purchase of shed and polytunnel cover for community garden	€ 44,508.00	Community Energy, Food and Waste
	Strand 1a			
1	Sligo BID (Business Improvement District) and Enniskillen BID (Business Improvement District)	Installation of living wall at new Queen Maeve Square in centre of Sligo City (approx size 8m x 2m). Purchase of 6000 returnable coffee cups for 15 businesses involved in pilot including marketing of scheme. Water refill station	€ 39,076.00	Local Climate and Environmental Action, Shopping and Recycling, Food and Waste

Tipperary Applications Granted Funding under Strand 1/strand 1a of the Community Climate Action Programme				Strand 1 Allocation: €700,000
	Group Name	Project Overview	Funding Allocation	Theme(s)
Small Projects				
1	Burncourt Community Council	Solar Panels, water filling station, fruit trees	€20,000.00	Community Energy, Shopping and Recycling, Local Climate and Environmental Action
2	Thurles Mens Shed	Pollytunnel and attic insulation	€2,603.00	Local Climate and Environmental Action, Community Energy, Food and Waste
3	Roscrea Lions Club	Solar panel and biodiversity	€20,000.00	Community Energy, Local Climate and Environmental Action
4	Grangemockler Tidy Towns	Community Garden, water filling station, pollinator garden	€13,486.00	Local Climate and Environmental Action, Shopping and Recycling, Food and Waste
5	Nenagh Lawn Tennis Club	LED Lighting, recycling initiative, wild flower meadow	€7,426.00	Community Energy, Shopping and Recycling, Local Climate and Environmental Action
6	Rearcross Community Council	LED upgrades to community centre, phone box solar light and composting bin	€7,738.00	Community Energy, Local Climate and Environmental Action
7	Glengoole Tidy Towns	Biodiversity planting	€5,939.00	Local Climate and Environmental Action
8	Kilsheelan Tidy Towns	Tree Planting project	€5,840.00	Local Climate and Environmental Action
9	Cannon Hayes	Rainwater harvesting project	€14,092.00	Local Climate and Environmental Action
10	Clanwilliam Rugby Club	LED upgrade at clubhouse, hedge row, bike rack	€11,112.00	Local Climate and Environmental Action, Community Energy, Travel
Medium Projects				
11	Moyglass Community Development	Led Lights and biodiversity project	€32,163.00	Local Climate and Environmental Action
12	Clonmel Og GAA	Community Energy Upgrade and other climate actions	€32,034.00	Community Energy
13	Castleineey Development Association	Replace Doors/windows, bike racks, tree planting and biodiversity	€25,328.00	Community Energy, Travel, Local Climate and Environmental Action
14	Rockwell Rovers GAA	Solar PV, Milk Dispenser, Bike Rack, Recycling bins	€28,064.00	Community Energy, Travel, Shopping and Recycling
15	Boher Community Development	Planting and landscaping, biodiveristy project, water station, bike repair station, bat/ barn owl and log next boxes, wormery	€40,512.00	Local Climate and Environmental Action, Food and Waste, Shopping and Recycling
16	Ballina Boher Tidy Towns	Tree Planting and biodiversity project	€42,924.00	Local Climate and Environmental Action
17	Eire Og Annacarty Donohill GAA	Solar PV, Tree Planting, biodiversity	€30,000.00	Community Energy, Local Climate and Environmental Action
18	Knocknarawley Resource Centre	Community Garden	€24,774.00	Local Climate and Environmental Action, Food and Wast
19	Newcastle Community Council	Solar panels at Community Hall, waterstations, mini native forest, tree surgeon	€34,522.00	Community Energy, Shopping and Recycling, Local Climate and Environmental Action
Large Projects				
20	Borrisokane Community Sports	LED Lights, Waterfilling station, biodiveristy area and tyre repair station	€62,257.00	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
21	Ballyporeen GAA	LED Lights, Water Station, Wildflowers and dispersed orchard	€73,640.00	Community Energy, Shopping and Recycling, Local Climate and Environmental Action, Food and Waste
22	Loughtagalla Residents Association	Biodiversity park	€90,178.00	Local Climate and Environmental Action, Travel
23	Sustainable Proejcts Ireland	Innovative Lighting Scheme	€74,612.00	Community Energy, Local Climate and Environmental Action
Strand 1a Project				
1	Ballypatrick Sports Centre/ BELFAST Boat Club	LED lighting upgrades, Travel initiative, water filling stations, pollinator friendly project, bike racks	€49,493.00	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action

Waterford Applications Granted Funding under Strand 1/strand 1a of the Community Climate Action Programme				Strand 1 Allocation: €564,000
	Community Group	Project Overview	Funding Allocation	Theme(s)
Small Projects				
1	Ballyduff-Kilmeaden Community Garden Group	Materials to expand community garden.	€8,497	Local Climate and Enviornmental Action, Food and Waste
2	Stradbally Tidy Towns	Bike parking, reintroduction of native apple trees, expansion of composting facilities, pollinator planting, water butts and school uniform recycling programme.	€5,534	Travel, Local Climate and Enviornmental Action, Food and Waste, Shopping and Recycling
3	Waterford Area Partnership CLG	Urban orchard, native trees, pollinator planting and water butt.	€5,338	Local Climate and Enviornmental Action, Food and Waste
4	Naíonra KCK on behalf of Coolnasmear Community Hall	8kW of solar PV system, a 5kW hybrid inverter and 5kWh battery.	€17,500	Community Energy
5	Clashmore and Kinsalebeg Community Council	Orchard trail, native hedgerow planting and wildflower margin including removal of invasive species.	€5,724	Food and Waste, Local Climate and Environmental Action
6	Tramore Eco Group	Tree and shrub planting as part of their Biodiversity Plans.	€4,000	Local Climate and Environmental Action
Medium Projects				
7	Ardmore Tidy Towns	Ardmore and Grange village wide projects - 9.35kW solar pv, 10kW hybrid inverter and 5kWh battery at St. Declan's GAA Club, 14.875kW solar PV, 10kW inverter & 5kW battery at Ardmore Community Hall, bike parking and repair hub, toy library and pollinator and biodiversity sanctuary spots - wild bee habitat, bat and bird boxes.	€48,150	Community Energy, Travel, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
8	Kilrossanty GAA Club	16.2kW of solar PV, a 20kW invertor and hot water diverter, recycled planters with seating, mini orchard and other biodiversity planting.	€36,000	Community Energy, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
9	Ballysaggart GAA Club	17.4kW of solar PV*, 10kW hybrid inverter and a 10kW battery, upgrade pitch lighting to LEDs, community fridge, bike parking and biodiversity planting.	€38,827	Community Energy, Travel, Food and Waste, Local Climate and Environmental Action
10	Villa F.C.	Upgrade of pitch lighting to LEDs, bike and scooter parking and 180m native Irish hedgerow planting.	€42,475	Community Energy, Travel, Local Climate and Environmental Action
11	Dunhill GAA & Sports Centre	Attic and cavity wall insulation, 6.9 kW of solar PV, bike parking, tree planting and a reuse sport equipment programme	€48,000	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
12	Top of the City Community Garden	Continue to grow and expand community garden - insulating garden shed, bike parking, vertical growing spaces, rain water and filter system, green roof structures, raised pond, foraging areas for community hens, garden shredder and swap cabinet.	€45,000	Community Energy, Travel, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
Large projects				
13	Tallow GAA Club	Tallow community initiative - solar pitch lighting on astroturf at Tallow GAA; 8.7 kW of solar PV, a 5kW invertor and battery at Brideview AFC, water refilling stations, bike parking and pollinator planting.	€59,764	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
14	Williamstown Sports Complex	Upgrading pitch lighting to LEDs, bike parking, sports equipment reuse scheme and extensive tree and pollinator planting.	€51,826	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
15	Causeway Tennis & Bowls Club	Insulation of the walls and roof of older part of the building; 7.1 kW heat pump, 16.8 kW of solar PV with inverter and a 10kW battery, improved access ways for pedestrian and cyclists and replacement of degraded hedge with 100m of new hedging	€90,540	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
16	Ballymacarbry Community Centre	20kW of solar PV, a 20kW 3phase Hybrid Inverter and battery, bike parking and monthly swap shop for clothes and toys.	€56,825	Community Energy, Travel, Shopping and Recycling
Strand 1a				
Strand 1a Project overview			Funding amount	
1	Affane Cappoquin Tourin GAA Club Sigersons GAA Club Strabane	Collaborative project between two GAA Green Clubs: Affane Cappoquin Tourin GAA Club: 20 solar panels, a hybrid inverter and a 5kWh battery, upgrade recycling bins, rainwater planters, pre-loved sports kit programme, transformation of a dying ash plantation into an accessible biodiversity amenity space (reforestation of c. 2000 native trees) and bike parking. Sigersons GAA Club Strabane: 30 solar panels and an inverter, replace diesel generator with a biofuel generator, convert diesel grasscutter to biofuel, rainwater harvester for toilets, green roof and bike parking.	€42,200 for Waterford and €49,807 for Tyrone	Community Energy, Shopping and Recycling, Food and Waste, Local Climate and Environmental Action

Westmeath Applications Granted Funding under Strand 1 of the Community Climate Action Programme				Strand 1 allocation €478,000
	Group Name	Project Overview	Funding Allocation	Theme(s)
	Small Projects			
1	Water Street Residents Association	PV panels installation for Community Centre	€ 9,950	Community Energy
2	Streete Parish Park Community Centre	PV panels installation for Community Centre	€ 18,000	Community Energy
3	Rosemount Community Committee	PV Installation on Community Centre, Water Refill Stations,Pollinator hedging around walkway, installation of bike stands	€ 37,750	Community Energy, Travel, Local Climate and Environmental Action
	Medium Projects			
4	Rahugh Hall Development Association	PV panels and Improved Insulation with new ECO Heating System for Parish Centre	€ 32,750	Community Energy
5	Caulry GAA Club	Replacement of Pitch Spot lighting with LED lighting	€ 30,985	Community Energy
6	Cara Phort Family Resource Centre	New windows and doors, new insulation and installation of PV panels to improve Community Energy efficiency	€ 32,025	Community Energy
7	Moate Comhltas Ceoltoiri Eireann	PV panels installation for Community Centre	€ 23,133	Community Energy
8	Milltownpass Tidy Towns	Rain water harvesting,Community Bicycle Stand and Bicycle Repair Station, Community Composting, Water refill stations, Reusable Cups Project, Toy Recycling Shop, Pollinator Planting, Dispersed Orchard, Milltown River Project with Solar Cattle Feeders	€ 47,016	Community Energy, Travel, Food and Waste, Shopping and Recycling, Local Climate and Environmental Action
	Large Projects			
9	St Kierans Community Centre	Replacing Lighting with LED lights, Repacing Windows and Doors and adding PV panels to reduce Community Energy output	€ 70,748	Community Energy
10	Cairdeas Community Childcare	Replacement of existing lighting with LED lights, replace existing roof and addition of PV Panels to reduce Community Energy output	€ 58,500	Community Energy
11	Moate All Whites GAA Club	PV panels installation, Insulation of Building and Replacement of Windows and Doors for reduction in Community Energy outputs	€ 55,205	Community Energy
12	The Downs GAA Club	Insulate clubhouse, replacement of existing lighting with LED lighting, replace doors for reduction in Community Energy ouput.Change of request granted from surpluss, to allow a new front door to be installed.	€ 60,000	Community Energy

Wexford County Council: Applications Recommended for Funding under Strand 1 of the Community Climate Action Programme				Strand 1 Allocation €669,000
	Lead Partner	Overview	Funding Allocated	Theme(s)
	Small Projects			
1	Yola Hedge School	Lighting upgrade, community garden (veg polytunnel), community upcycling & repair equipment	€ 12,835.51	Community Energy, Shopping and Recycling, Food and Waste
2	St Martins GAA Club	Solar water panels, bike stands, swap shop for kit, branded keep cups, pollinator planting	€ 19,333.30	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
3	Enniscorthy Community Allotments	Solar spot lights, rainwater harvesting, green waste shredder, composter unit, hand tools, pond wetland	€ 19,393.78	Community Energy, Food and Waste, Local Climate and Environmental Action
4	12th Wexford Scouts (Horeswood)	Solar PV & battery, bike stand, 4 raised vegetable beds inc soil & tools, bike repair stand & tools	€ 20,000.00	Community Energy, Travel, Food and Waste, Shopping and Recycling,
5	Buffers Alley GAA Club	Lighting upgrade to indoor sports arena, bike repair stand	€ 18,073.25	Community Energy, Travel, Shopping and Recycling
	Medium Projects			
6	Kilanerin Ballyfad Community Development Association	Solar PV, Community Energy saving push buttons on heaters, water harvesting, push taps, urinal flush motion sensors, Community Bike Library (4no. Electric bikes, bike stand, helmets, hi-viz), new workshop room for upcycling programme	€ 49,974.54	Community Energy, Travel, Shopping and Recycling
7	Glynn Barntown GAA Club	Solar PV & battery, lighting upgrade, bike stand, reusable coffee cups, water filling station, swap shop for kit, birch & hazel woodland, rain garden for surface water, pollinator bulb planting	€ 49,066.40	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
8	Our Lady's Island Community Development Co. & Our Lady's Island GAA Club (joint application)	Solar PV in Community Centre & GAA Club, bike stands, bike repair facility	€ 33,068.65	Community Energy, Travel, Shopping and Recycling
9	Marshallstown/Castledockrell GAA Club	Heating & lighting upgrade, wall & attic insulation, bike stands, swap shop shelving, keep cups, water filling station, tree planting	€ 21,551.76	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
10	New Ross Rugby Football Club	Solar PV, lighting upgrade, electric heaters to replace kerosene rads, attic insulation, bike stands, planting	€ 33,504.40	Community Energy, Travel, Local Climate and Environmental Action
11	Rosslare Community Development Association	Solar PV & battery, lighting upgrade, reusable mugs, tree planting	€ 33,533.55	Community Energy, Shopping and Recycling, Local Climate and Environmental Action
12	Bannow Ballymittie GAA Club	Solar PV & battery, lighting upgrade, bike stands, water filling station, pollinator planting	€ 40,287.23	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
	Large Projects			
13	Naomh Eanna GAA Club	Solar lights to walking track (in lieu of diesel generator powered flood lights), solar PV, manual water boiler in lieu of burco, bike stand, swap shop, pollinator project	€ 72,011.83	Community Energy, Travel, Shopping and Recycling, Local Climate and Environmental Action
14	South West Wexford Family Resource Centre & St Louis Day Care Centre (joint application)	Solar PV, lighting upgrade, window refurb, thermal blinds, bike stand, community veg garden, swap shop, pollinator garden	€ 84,598.40	Community Energy, Travel, Shopping and Recycling, Food and Waste, Local Climate and Environmental Action
15	Faythe Harriers Hurling & Camogie Club	Upgrade astro flood lighting to LED and decommission diesel generator & connect flood lights to grid, solar PV & battery, bike rack, swap shop	€ 72,387.40	Community Energy, Travel, Shopping and Recycling
16	Kilcannon Industries Company Limited by Guarantee	Solar PV, lighting upgrade, rainwater harvesting, vegetable polytunnel	€ 89,380.00	Community Energy, Food and Waste

Wicklow Applications Granted Funding under Strand 1/strand 1a of the Community Climate Action Programme				Strand 1 allocation: €646,000
	Group Name	Project Overview	Funding Allocation	Theme(s)
Small Projects				
1	Ballinacor Community Project	Solar PV and LED lighting; rainwater tank; materials for community garden	€ 19,000.00	Community Energy, Local Climate and Environmental Action
2	Baltinglass Tidy Towns	Composter; solar powered water butts; solar PV on parish community centre	€ 15,000.00	Community Energy, Food and Waste, Local Climate and Environmental Action
3	Blessington Tidy Towns	Planting of native trees and fruit trees	€ 4,000.00	Local Climate and Environmental Action, Food and Waste
4	Wicklow Tidy Towns	Water refill stations around Wicklow town	€ 16,189.00	Shopping and Recycling
5	Rathnew Community Centre	Solar PV; 1no. EV chargers	€ 16,223.00	Community Energy, Travel
6	Kildbride GAA	Bike rack and shelter; bike repair stand; water refill station; 2-Go reusable cups	€ 13,704.00	Travel, Shopping and Recycling
7	Kilcoole Mens Shed	Rainwater harvesting; dispersed orchard	€ 10,320.00	Food and Waste, Local Climate and Environmental Action
Medium Projects				
8	Kiltegan GAA	Bike rack; reusable cups; swap shop for used sports equipment; water refill stations; solar PV on clubhouse	€ 35,229.09	Travel, Shopping and Recycling, Community Energy
9	Arklow Tidy Towns Volunteers	Polytunnel; rainwater harversting system; weed scrubber; install solar powered LED lighting to dog park	€ 34,536.14	Local Climate and Environmental Action, Community Energy
10	Newcastle Residents Association (Newcastle Biodiversity Group)	Water refill station; bike racks; tree planting; pollinator planting	€ 21,310.16	Shopping and Recycling, Travel, Local Climate and Environmental Action,
11	Arklow United FC	Water refill; rainwater harvesting; LED; solar PV; water saving interventions	€ 35,035.69	Local Climate and Environmental Action, Community Energy
12	Rewild Wicklow	Infrastructure for community native tree nursery: irrigation; polytunnel; storage unit; solar PV; propagation equipment; timber for raised beds; mesh fencing; soil enrichers.	€ 30,000.00	Local Climate and Environmental Action,
13	Coolkenno Sports Field Limited	Bike rack; swap shop for used sports equipment; pollinator bed; solar PV on community gym	€ 27,261.42	Travel, Community Energy, Local Climate and Environmental Action, Shopping and Recycling
14	Signal Arts Centre	Insulate roof, ceiling and wall of community arts building	€ 29,554.83	Community Energy,
Large Projects				
15	Donard Community Enterprises CLG	Wall/roof insulation; electric community bikes; compost tumbler; solar PV installation and battery	€ 72,952.00	Community Energy, Travel, Food and Waste
16	Wicklow Town Team / SEC	Bikes rack; community fridge; rainwater garden; wall/ceiling insulation of community centre; solar PV; upgrade to heating controls	€ 74,913.00	Community Energy, Travel, Food and Waste
17	Carnew Community Care SEC	Solar PV; EV charger; disability friendly raised vegetable beds; heat pump; equipment for upcycling workshop	€ 54,591.00	Community Energy, Travel, Shopping and Recycling, Food and Waste, Local Climate and Environmental Action
18	East Wicklow Rivers Trust	Uplands gully woodland planting	€ 88,821.00	Local Climate and Environmental Action
19	Eir Og Greystones GAA	LED lighting for clubhouse/car park; recycling bins; reusable cups; eco hot water dispenser; water refill station; bike racks	€ 47,359.67	Community Energy, Travel, Shopping and Recycling
